FOREWORD

NABARD takes pride in the fact that the Self Help Group - Bank Linkage Programme, which is the largest microfinance programme in the world, today touches

12

crore households through more than

100

*lakh SHGs with deposits
of over*

₹ 23000

*crore and annual loan
offtake of more than*

₹ 58000

crore and loan outstanding of over

₹ 87000

crore

Financial inclusion is one way of empowering people to access social and economic justice. To achieve this, a multi-model approach has been adopted since early seventies of the twentieth century. Among the various models, the SHG - Bank Linkage Programme (BLP) helped extensively to empower the poor, especially rural women, through providing savings and credit windows from banks. The learnings from the savings and credit encouraged setting up of tiny micro enterprises and consequently generated employment. NABARD's Livelihood and Enterprise Development Programme (LEDP) has been implemented since 2015 with 532 programmes wherein 61,033 SHG members have been trained.

I take pride to state that with the active collaboration of NGOs, Banks, the Governments and the NRLM, the SHG BLP has now crossed the milestone of 1 crore SHGs covering more than 12 crore families with savings deposits of ₹23,324 crore and more than 50 lakh groups with loan outstanding of over ₹87,098 crore, of which, 88% was disbursed to rural women groups (up to 31 March 2019). The growth during 2018-19 remained steady and promising.

The theme chapter for this year's publication has been dedicated to 'SHG based livelihoods and scope for innovations' for highlighting successful, replicable models with support from the Banking system and government agencies.

Despite the phenomenal growth, the SHG-BLP movement is faced with several issues like uncertainty in bank loans, smart book keeping, limited adoption of technology and declining advantage of aggregation at SHG level etc. To address some of these issues and to keep pace with the growing digital ecosystem in the country, NABARD visualized digitization of SHGs and their operations by launching EShakti project as a pilot in 2015. The project is now under implementation in 100 districts and has great potential to deliver various banking services at the doorsteps of SHGs. As on 31 March 2019, more than 4.34 lakh SHGs have been on-boarded in the EShakti portal. This EShakti database is leveraged to bring SHG members under the social security and financial inclusion schemes of Govt.

"Status of Microfinance in India" an annual publication compiling information from various sources on the sector has over the years come out as a credible document, well received by policy makers, researchers as well as practitioners. I profusely thank all channel partners in the sector for their contribution and cooperation in progress of the scheme and timely submission of data. I congratulate the "Team Micro Credit Innovations Department (MCID)" for bringing out this document once again in 2019. I am sure, readers will continue to feed us with their valuable suggestions.

DR. HARSH KUMAR BHANWALA

HIGHLIGHTS

OF THE SHG-BANK LINKAGE PROGRAMME 2018-19

Sr. No.	Particulars	Total	
		Physical (No. in lakhs)	Financial (₹ in crore)
1	Total number of SHGs saving linked with banks as on 31 March 2019	100.14	23,324.48
(i)	Out of total SHGs - exclusive Women SHGs	85.31	20,473.55
(ii)	Out of total SHGs- under NRLM/SGSY	55.80	12,867.18
(iii)	Out of total SHGs -under NULM/SJSRY	4.39	1,614.42
2	Total number of SHGs credit linked during the year 2018-19	26.98	58,317.63
(i)	Out of total SHGs - exclusive Women SHGs	23.65	53,254.04
(ii)	Out of total SHGs – under NRLM/SGSY	16.49	33,398.93
(iii)	Out of total SHGs – under NULM/SJSRY	1.29	3,419.57
3	Total number of SHGs having loans outstanding as on 31 March 2019	50.77	87,098.15
(i)	Out of total SHGs - exclusive Women SHGs	44.61	79,231.98
(ii)	Out of total SHGs - under NRLM/SGSY	32.85	54,320.91
(iii)	Out of total SHGs - under NULM/SJSRY	2.25	4,110.73

Sr. No.	Particulars	Total	
		Physical (No. in lakhs)	Financial (₹ in crore)
4	Average loan amount outstanding/SHG as on 31 March 2019 (in ₹)*		171,543.15*
5	Average loan amount disbursed/SHG during 2018-19 (in ₹) *		216,119.29*
6	Estimated number of families covered upto 31 March 2019	1224	
7	No of Banks and Financial Institutions submitted MIS (in number)	459	
8	Data on Joint Liability Groups		
(i)	Joint Liability Group promoted during 2018-19	16.04	
(ii)	Loan disbursed to Joint Liability Groups (JLGs) during 2018-19		30,946.87
(iii)	Cumulative Joint Liability Groups promoted as on 31 March 2019	50.76	71,750.15
9	Support from NABARD		
(i)	Capacity building for partner institutions		
	Under SHG-BLP and JLGs		
	Number of programmes conducted during 2018-19 (in no. only)	4026	
	Number of participants covered during 2018-19 (in lakh)	1.34	
	Cumulative number of participants trained upto 31 March 2019 (in lakh)	38.91	
	Under WSHG Scheme (in LWE affected and backward districts)		
	Number of programmes conducted during 2018-19 (in no. only)	1333	
	Number of participants covered during 2018-19 (in lakh)	0.46	
(ii)	Refinance Support		
	Refinance to banks during 2018-19		12,885.68
	Cumulative refinance released upto 31 March 2019		63,160.65
(iii)	Revolving Fund Assistance (RFA) and Capital Support to MFIs		
	RFA outstanding as on 31 March 2019		3.67
	Capital support outstanding as on 31 March 2019		3.60
	Refinance disbursed to NBFC-MFIs during 2018-19		3308.00
(iv)	Grant Assistance to SHPIs for promotion of SHGs under SHG-BLP		
	Grant Assistance sanctioned during 2018-19		22.99
	Cumulative sanctioned upto 31 March 2019		410.94
(v)	Cumulative grant assistance sanctioned to anchor NGOs for promotion of SHGs under WSHG Development Scheme upto 31 March 2019		204.38
(vi)	Cumulative grant assistance sanctioned to JLGPIs for promotion of JLGs upto 31 March 2019		192.18

1. MICRO FINANCE IN INDIA

Coming together is a beginning, keeping together is chance but working together for years is not mere happenstance, it is a miracle. A miracle that has taken the form of a quiet revolution when translated across 1 crore Self Help Groups (SHGs) in more than two and half decades.

1.1 India's Self-Help Group (SHG) movement has emerged as the world's largest and most successful network of women owned community-based microfinance institution. Self Help Group Bank Linkage programme (SHG-BLP) is a landmark model initiated by the National Bank for Agriculture and Rural Development (NABARD) in 1992 to deliver affordable door-step banking services and has largely achieved the stated goals of financial inclusion; it is a home-grown self-help movement with an objective of creating sustainable livelihood opportunities for the rural poor. Started as a bank outreach programme, SHG-BLP transcended itself into a holistic programme for building financial, social, economic, and of late, technological capital in rural India.

1.2 Evolution of Self-Help Group Movement

Till the late nineties, financial inclusion was elusive as the common man was out of focus of formal banking system despite nationalization of banks (in 1969 and in 1980) and other policy initiatives like priority sector lending, lead bank scheme, etc. The large spectrum of deposit and loan products of Indian banks could not fulfill the financial needs of the rural poor. In this context, NABARD conducted various studies to deliver a viable financial model for the Indian rural credit system. It was revealed in the studies that the poor needs better access to adequate, timely and suitable financial products and services rather than cheap credit. Self Help Groups were conceived as community owned, self-managed informal doorstep savings & credit delivery mechanism by a group of 10-20 members having homogeneous socio-economic background and coming from a small contiguous area, who operate on the principle of self-help, solidarity and mutual interest. Accordingly, the Self Help Groups (SHGs) were promoted by NABARD based on its successful experiment with Mysore Resettlement and Development Agency (MYRADA) in 1987. The learning from the Action Research led NABARD to launch a pilot in 1992 with a pilot base of just 500 SHGs with policy backing from the Reserve Bank of India advising banks to open savings accounts in the name of Groups.

1.3 Three radical innovations were introduced through the RBI/NABARD guidelines during the pilot phase which led to a paradigm shift in development banking in India. They were: (a) acceptance of informal groups as a client of banks-both deposit and credit linkage (b) introduction of collateral free lending and (c) permission to lend to groups without specification of purpose/ activity / project

1.4 The SHG Bank linkage programme spearheaded by NABARD had a modest beginning with 225 credit linked groups and a loan amount in of ₹29 lakh in in 1992. Within 3 years, 4750

SHGs were credit linked with different banks by the end of 3 year phase with bank loan of ₹6.06 crore covering 28 commercial banks, 60 RRBs and 7 Cooperative banks. The overwhelming success of the pilot led to RBI mainstreaming SHGBLP as normal business activity of banks and rest as they say is history. Later, RBI declared the SHG-BLP as a priority sector lending activity in 1996. Since 1999, Government of India has been supporting by way of special budgetary provision for promotion of the SHGs.

- 1.5 For making SHG Bank linkage programme more client friendly and addressing some emerging issues, NABARD suggested certain product level changes under SHG -2 by reiterating thrust on savings with introduction of voluntary savings, smooth flow of credit with sanction of cash credit limit to SHGs, improved risk mitigation mechanism, leveraging second level institutions like SHG Federations for sustained hand holding support, promoting JLGs out of SHG members, strengthening the monitoring mechanism, etc
- 1.6 SHG-Bank Linkage Programme has become more popular in India than elsewhere in the world primarily due to its widespread adoption by Scheduled Commercial Banks, Regional Rural Banks and Cooperative Banks. NABARD has continued to support more than 5000 partner agencies such as NGOs, RRBs. District Central Cooperative Banks and other SHPI partners for promoting and nurturing SHGs.
- 1.7 The success of SHG-BLP also attracted the attention of State governments. Many of the State governments, over a period, undertook, through departmental initiatives, major programmes of SHG promotion. Notable among the state governments was Andhra Pradesh with Podupulakshmi programme, Indira Kranti Patham programme of AP, Jeevika Project of Bihar, Mahalir Thittam in Tamilnadu, Kudumbashree in Kerala and TRIPTI/ Mission Shakti projects in Odisha which were some of the other projects implemented by state governments.
- 1.8 The SGSY (Swarna-Jayanti Gram Swarojgar Yojna) of Gol was implemented with group mode of financing. For covering all BPL families. SGSY was restructured in 2011 to form National Rural Livelihood Mission (NRLM) to be implemented in mission mode across the country. NRLM is an entirely group centric, group driven poverty alleviation programme. NRLM's components are: formation, federation and financing of women SHGs; livelihoods programme for rural women farmers and agricultural labourers; value addition in non-timber forest produce in tribal districts; gender rights issues and various programmes. One of the core objectives of the mission is to make rural people particularly women a new category of clients and take them beyond financial inclusion to achieve economic inclusion and enable them to participate and benefit from mainstream economic benefits . It aims to cover all the rural districts in the country intensively, in phases.
- 1.9 After more than 25 years of SHG Bank linkage, the programme has grown exponentially, the system has evolved and matured, enabling the SHGs access to large loans under SHG BLP besides loans that SHGs have been able to access from their own federations and the NGO MFIs. As on March 31, 2019 the SHG BLP programme has reached many a milestone with a total membership of about 1 crore groups covering 12.5 Crore households across India. The programme has made an indelible mark on the Indian financial landscape by extending loans to the extent of ₹87000 crore to 50.77 lakh SHG as on March 31, 2019.

- 1.10 During the year 2018-19 the number of SHGs increased by 12.70 lakh with a corresponding increase in the savings by ₹3732.36 crore as on March 2019. The savings outstanding of SHG with Banks as on 31 March 2019 has reached an all-time high of ₹23324.48 crore. During the year the banks have disbursed loans of ₹58317.63 crore recording an increase of ₹ 11131.75 crore over the last year. The total loan outstanding of SHGs also increased by 15.21% and stood at ₹87098.15 crore as on March 2019 as against ₹75598.45 crore in the previous year. The gross NPAs of the bank loans to SHGs declined from 6.12% as on 31 March 2018 to 5.19 % as on 31 March 2019 and absolute amount of NPAs declined, implying actual reduction in NPAs.
- 1.11 NABARD in tune with the Hon'ble Prime Minister's dream of a Digital India and its own line of thinking on digitization launched a pilot project for digitization of SHGs titled "EShakti" in March 2015 in 02 districts viz. Ramgarh (Jharkhand) and Dhule (Maharashtra). The overarching vision was to empower the SHGs through technology.

EShakti is designed to capture the demographic and financial profiles of the SHGs as well as their members, so as to bring them under the fold of Financial Inclusion and thereby enable them access

to wider range of financial services along with increasing the bankers' comfort in credit appraisal and linkage.

- 1.12 Encouraged by the positive response and interest generated amongst the stakeholders in Phase I, the pilot project was expanded to 23 more districts under phase II in 2016 and was further expanded to 75 more districts towards the end of 2017. The project now covers 100 districts in 22 States and one UT across the length and breadth of the country. As on 31 March 2019, total 4.34 lakh SHGs were digitised capturing EShakti data related to 47.90 lakh members across the country. An estimated 5 lakh SHGs covering around 60 lakh members are expected to be successfully digitized in the 100 districts across 22 States and 01 UT, where EShakti is under implementation.
- 1.13 NABARD is currently working with credit information companies on a pilot basis to provide a linkage between EShakti software and the reporting mechanism of credit information companies. As per initial reports, EShakti has enabled banks to step up credit flow to SHGs, as it provides bank branches access to the monthly grading of each SHG that has a savings account with them.

The quality of book-keeping by SHGs has substantially improved. The SHG members also get an SMS alert about their savings and loan transactions.

- 1.14 During the year leveraging on the data available under EShakti, a financial inclusion drive was undertaken across the 100 districts where EShakti is under implementation. The initiative resulted in opening of more than 64,000 JanDhan Bank Accounts and fresh enrolment of more than 3 lakhs PMSBY/ PMJJBY Accounts and 8,069 policies under APY.
- 1.15 Under the Gol scheme for promotion of Women Self Help Groups (WSHGs), 2.11 lakh women SHGs (WSHGs) have been savings linked and 1.29 lakh of them have been credit-linked in 150 backward/Left Wing Extremism (LWE) affected districts spread across 29 states. A cumulative amount of ₹132.91 crore has been utilised as grant assistance out of the WSHG Fund for various activities up to 31 March 2019.
- 1.16 The SHG-Bank Linkage, spearheaded by NABARD, has proved to be a successful instrument in providing access to financial services from the formal banking sector for asset less poor. Taking this learning of collateral free lending further, NABARD piloted and developed an effective credit product for mid-segment clients- "Joint Liability Groups" (JLGs). This product facilitates hassle-free credit which is of longer term; fulfilling seasonal needs of credit larger in quantum. The product however, relies on mutual guarantee of clients like small / marginal / tenant farmers, oral lessees and sharecroppers, micro-entrepreneurs, who have no conventional collateral to offer. It leverages on social collateral offered by the members.
- 1.17 A lot of emphasis is being laid by the GOI for providing hassle free credit to landless farmers. Accordingly NABARD made efforts in innovating and reaching out to the landless farmers through JLG scheme of financing. Encouraged by NABARD's 100 per cent refinance support to banks, the Scheme has also recorded an impressive growth during 2018-19 with 16.04 lakh JLGs receiving financial assistance to the tune of ₹30,946.87 crore from various banks. NABARD has extended cumulative grant assistance of ₹192.18 crore to Joint Liability Groups Promoting Institutions (JLPIs) for promoting 10.68 lakh JLGs across the country and enabling flow of collateral free loan to tenant / landless farmers.
- 1.18 As RRBs have huge rural network, NABARD encouraged RRBs to finance JLGs in big way and accordingly entered into 52 MoUs in 20 States with 43 MoUs with RRBs and 7 MoUs with State Bank of India and 2 with State Cooperative Banks in Jharkhand and Orissa respectively during 2018-19. Under this scheme, NABARD provides grant assistance to Banks for using corporate BC/ NGO- as JLGPIs and for capacity building to create a pool of trainers out of bank staff for formation, nurturing and financing of new JLGs.
- 1.19 The other channel for growth of microfinance in India is through Microfinance Institutions (MFIs) lending through individual and group approach alone. They emerged in India in the late 1980s in response to the gap in availability of banking service for the unserved and underserved in rural population these institutions operating in the country follow a variety of credit methodologies.

The work of these institutions commenced around the same time as the SHG-Bank Linkage Programme was evolving. Many of them were inspired by the Grameen Bank in Bangladesh and the innovations taking place in Latin America. Voluntary agencies and Non-Governmental Organisations (NGOs) undertook financial intermediation as a part of larger social good. Majority of these NGOs were registered as a Trust or a Society. Many NGOs have also helped SHGs to organise themselves into federations and these federations were performing non-financial functions like social and capacity building activities, promotion of SHGs, facilitate training of SHGs as well as undertake internal audit.

- 1.20 In the initial years of setting up of MFIs in their NGO-MFI form it was NABARD which assisted them with grant support and Revolving Fund Assistance (RFA). Later NABARD helped a number of MFIs with quasi-equity and subordinated debt instruments from Micro Finance Development and Equity Fund (MFDEF).
- 1.21 Similarly SIDBI supported the growth story of MFIs through its SIDBI Foundation for Micro Credit (SFMC) in 1999. The India Microfinance Equity Fund (IMEF) later supported MFIs, especially the medium and smaller ones with equity and quasi-equity.
- 1.22 The Micro Units Development & Refinance Agency Ltd (MUDRA) NBFC set up by the Government of India (GoI) in 2015, with its total focus on microenterprise has to hand-hold

and facilitate the development process of smaller MFIs and not-for profit MFIs as they are the ones who operate in remote locations and with the more underserved populations.

- 1.23 As per MFIN as on 31 March 2019, the microfinance industry has a total loan portfolio of ₹187386 crore, representing a year on year growth of 38 %. The share of portfolio outstanding of the various players indicate that the bank share was ₹ 61046 crore (33 %) NBFC- MFIs ₹ 68868 crore (37 %) and Small Finance Banks ₹ 34679 crore (18%). NBFC ₹20681 crore (11%) and others ₹ 2112 crore (1.13%). The year on year growth was NBFC MFIs (42%), Banks (36%), SFBs (25%), NBFC (59%) and Others (30%).
- 1.24 RBI has taken steps to expand the banking space to ensure greater financial inclusion and in November 2014 issued guidelines for the setting up of Small Finance Banks and Payments Banks. On 16 September 2015, RBI granted in-principle approval to ten entities to start Small Finance Banks which (SFBs) would essentially undertake basic banking activities that include: accepting deposits, savings, credit, insurance, remittances etc. and lending to under-served sections. The share of Microfinance portfolio outstanding of the Small Finance Banks was ₹34679 crore as on 31st March 2019.
- 1.25 The establishment of Small Finance Banks (SFBs) also opened up another window of opportunity for reinvigorating the SHG-Bank Linkage Programme SFBs have operated on the JLG methodology, as well as some of them worked on the SHG model also. Strategic partnerships with them for SHG-Bank Linkage Programme have the potential to take SHGBLP to greater heights in the next couple of years.
- 1.26 The setting up of Payment Banks has also given a further fillip to the microfinance sector.

Partnerships between MFIs and Payment Banks can ensure that MFIs' clients can avail of financial products other than credit from the latter. Additionally, the cash and remittance management services of MFIs can be taken care of by the Payments Banks.

- 1.27 RBI's guidelines in 2017 on Peer to Peer (P2P) lending also opens up a window for some MFIs with technology wherewithal to transform themselves into P2P players for the microfinance segment.
- 1.28 NABARD has been continuously supporting training and capacity building of different stakeholders of SHG Bank linkage programme such as bankers NGOs government officials SHG members trainers. During 2018-19, 4026 training programmes were conducted covering 133791 participants from various banks/stakeholders under FIF. Further, 1333 training programmes covering 46166 participants were conducted under WSHG Fund.
- 1.29 With a view to create livelihood options for the SHGs, NABARD has been promoting MEDPs and LEDPs for skill training of SHG members. NABARD's endeavour in skilling the SHG members through Micro Enterprise Development Programme (MEDP) continued during 2018-19 and 26452 members were trained through 870 MEDPs for enabling them to start micro enterprises. During 2018-19 22972 SHGs were provided skill and Enterprise Training by setting up livelihoods units through 201 LEDPs Cumulatively, as on 31st March 2019 around 4.94 lakh SHG members have received training through 17276 MEDPs and 532 LEDP projects have been sanctioned since Dec 2015 training 61033 members.

- 1.30 With a view to strengthen the MF sector through supply of research inputs that facilitates policy initiatives and improvement in design & delivery systems that provide poor with sustainable access to quality financial services, NABARD had set up The Centre for Microfinance Research within Bankers Institute of Rural development (BIRD) on 01 January 2008 renamed as Centre for Research on Financial Inclusion and Microfinance (CRFIM) on October 2016. The institute brought out two volumes of the Half-yearly Journal “THE MICROFINANCE REVIEW” during the year. The Centre has conducted an international training programme for APRACA member countries on “Self Help Groups (SHGs) – A tool for Financial Inclusion and Women Empowerment”, during 14 – 18 January 2019.
- 1.31 NABARD-APRACA Centre of Excellence (ACE) has been set-up at BIRD, Lucknow to complement APRACA in enhancing (i) linkage banking (ii) Research, Forums, Trainings, Exposure visits, Consulting service, Technical support, Innovations (iii) Develop core training specialist and technical experts (iv) Design and conduct international programmes (v) Bring appropriate publications and (vi) Enhance regional coordination among APRACA nations. The centre has organized an international training programme on “Embracing Digitisation for Finance and Governance” during 25 – 28 March 2019 at BIRD, Lucknow for executives from three counties namely Cambodia, China, and Nepal.

WAY FORWARD

- 1.32 Redefining the priority states and strategy for such states with particular emphasis on Central, Eastern India and North-Eastern regions by mapping of potential could be one of the interventions for strategizing interventions for the underserved states of Self Help Group Bank Linkage Programme. Mapping those pockets where there is virtually no intervention or presence of any Govt. Agency or Self Help Promoting institutions (SHPI) and putting in concerted efforts is important.
- 1.33 Lack of good SHPIs is one of the reasons for slow growth of SHG BLP in underserved regions. There is need to identify a large nodal NGO with experienced and trained staff, who will act as a nodal NGO for training smaller local NGOs, who lack proper orientation for SHG promotion
- 1.34 Conduct of Impact Assessment Studies and Action Research needs to be undertaken on issues confronting the microfinance sector especially reasons for dormancy, disintegration of SHGs, apathy of formal credit agencies and convergence of the SHG–BLP with the development programmes of government / development agencies / philanthropic institutions, prevalence of high NPAs in certain states ,documenting the best practices followed by NRLM, study on commercial aspects of SHG BLP in the bank branches, etc. NABARD has been supporting institutes for such studies for identifying impediments in the progress of the movement and making policy refinements to give a fillip to the programme.
- 1.35 The constraints in rural enterprise development are primarily low or negligible income, lack of skill and mentoring services and poor access to markets. The strategy would be to find ways to bridge the skill, knowledge and resource gap and at the same time maximize on the existing strengths and facilitate quality certification, packaging technology for greater shelf-life, marketing platform, market linkages, which is the critical gap in scaling up sustainable livelihoods for the poor. Resource Agencies which provide cutting edge design, facilitate product “SHGs, saving for the present, securing the future” NABARD has been supporting need based skill development programmes under Micro Enterprise Development Programme, which bridges skill deficits and promotes entrepreneurial talents of the members to set up micro enterprises for matured SHGs through appropriate resource NGOs and other support organisations.
- 1.36 NABARD's Livelihood and Enterprise Development Programme for tapping of livelihood opportunities will be used as a major livelihood promotion programme in coming years to ensure more thrust is given to livelihood interventions. Convergence with Govt. Programmes, Convergence of SHG BLP with FI initiatives of GoI and RBI and other Govt. programmes, group insurance products, enhanced quantum of loans and fresh financing to members would further boost momentum of the programme.
- 1.37 Capacity building and sensitization of stake holders, especially bankers, through specific programmes for Zonal Managers/Regional Managers of Commercial Banks, RRBs and DCCBs needs to be continued for strengthening and deepening the SHG movement. Case Studies and appropriate field interfaces are needed to ensure the desired impact of the training programmes.

Organizing Award Ceremonies in all States for recognizing good performance of Bankers will further energise the SHG BLP movement. Technology will have to be leveraged for developing training tools like an e-learning portal / App with course contents suitable for Bank Managers, especially the new entrants, with the active involvement of Banks / NABARD's training institutes.

- 1.38 The potential SHGs may be encouraged to graduate as members of Producers' Organisations of Farm and Non-farm activities.
- 1.39 Promotion of Business Model for JLG by RRBs through BC network is also another Intervention which would give momentum to the Joint Liability Group Bank Linkage Programme.
- 1.40 Alternate delivery channels and support mechanisms are to be encouraged to provide the SHG member's timely banking services at a reasonable cost. The NABFINS model by NABARD has shown how an MFI can provide adequate and timely credit to SHGs at a reasonable rate of interest, in a transparent manner without using coercive measures of recovery and still continue to be a profitable entity. It has a client base of 8.9 lakh in 16 states. Efforts need to be made to scale up this model to other areas of the country.
- 1.41 Financial inclusion (FI) through the JAM trinity (Jan Dhan, Aadhaar, Mobile) is seen as an important tool for financial inclusion. Convergence of the SHG BLP with the FI initiatives of the Government and RBI needs to be ensured. The Credit history of all SHG members needs to be created by linking the E Shakti with CIC. This will ensure credit discipline and facilitate the Banks for higher off take of credit to the SHGs.
- 1.42 Expansion of coverage of NABARD's EShakti in the country would increase credit linkage as well as credit deepening for the deserving SHGs in rural areas as also help banks in building up their SHG business portfolio. The 'one-click availability of social and financial related information" of crores of rural families across India on a single platform will have tremendous significance for various stake holders. Leveraging the E Shakti database for making available financial and social security schemes of Gol to rural poor, owing to its pan rural India reach and impact in the E Shakti districts is a positive step in the financial inclusion process. Increased confidence of banks in the project could result in their financial participation in the project and help reduce the gap of savings and credit linked SHGs. Linking of EShakti to the CBS of various banks using online or offline mechanism would help in better offtake of credit linkage and provide valuable data of digitized SHGs and help all the stakeholders in SHG BLP ecosystem.

JOURNEY OF THE WORLD'S LARGEST MF PROGRAMME WITH 1 CRORE SHGS

1987	NABARD partners with NGO MYRADA to pilot SHG Bank linkage
1991	RBI announced to all scheduled Banks a Pilot project by NABARD for financing 500 SHGs
1992	NABARD launches the pilot SHG Bank Linkage Programme
1993	RBI enabled Savings Bank A/c in the name of the SHGs
1995	Working group set up under Chairmanship of Shri S K Kalia, MD, NABARD
1996	RBI mainstreamed SHGBLP as a regular priority sector lending
1998	Gol announced in the Union budget that NABARD would endeavour to ensure credit linkage of 2 lakh SHGs in a period of 5 years
1998	NABARD set up a dedicated department - MCID Announced a shared vision of covering 1/3rd of rural poor through 1 million SHGs in the next decade
1999	Gol launched SGSY holistic programme for purveying credit to all rural poor especially BPL families through the SHGs
2000	Dedicated MFDEF was created with a corpus of ₹ 100 crore
2005	Dream of 1 million SHGs achieved in 2005, 3 years ahead
2006	RBI announces use of Business Correspondence and facilitators for Rural Branchless Banking
2006	NABARD implements Micro Enterprise Development Programme with a thrust on livelihood for matured SHG members
2006	JLG Scheme for SF / MF/ landless farmers launched by NABARD
2007	NABARD Support to MFIs for Capital support RFA/Rating
2008	FIF and FIFT funds set up in NABARD with an overall corpus of ₹500 crore
2008	NABFINS, subsidiary for financial services in microfinance and agriculture established by NABARD
2009	JLG Scheme for Non-Farm activities with grant assistance for promotion of JLGs
2012	Product level changes in SHG BLP launching of SHG -2
2012	WSHG Scheme of DFS , Gol in 150 backward and LWE affected districts implemented
2013	Launching of National Rural Livelihood Mission and implementing of interest subsidy scheme under NRLM for SHGs
2015	NABARD implemented Livelihood and Enterprise programme (LEDP) for end to end solutions for sustainable livelihoods for SHGs
2015	SHG BLP Strategic Advisory Board was constituted in NABARD for strategic action plan for SHG BLP growth
2015	EShakti portal pilot launched as a pilot for digitisation of SHG records in 2 districts
2016	EShakti extended to additional 23 districts in India
2017	EShakti extended to additional 75 districts in India
2018	EShakti portal leveraged for Gol Social Securities Schemes like PMJDY, PMJBSY, PMJJBY, APY

2. ESHAKTI - PROGRESS AND WAY FORWARD

“Change always happens. It’s inevitable. But when given some definite direction, it transforms into progress”

2.1 In tune with the changing scenario of the banking sector's engagement with technology and to address the financial exclusion of the segment of poor SHGs who have not been able to access technology, NABARD conceived a project for the digitisation of SHGs called EShakti. Digitisation of Self Help Groups was conceptualised to build credible credit histories of SHGs and their members and bring them into the fold of financial inclusion and mainstream banking system.

Launched in 2015 as a pilot in Ramgarh and Dhule districts, EShakti project has progressed into a unique digital financial inclusion initiative and as of now is being successfully implemented in 100 districts of 22 States and one UT across the country.

The project provides reliable financial and non- financial data of SHGs and their members to bankers and other stakeholders, helping them in taking appropriate credit and policy related decisions quickly. Digitisation addresses issues like quality of book keeping, multiple membership of SHG members, patchy credit histories and provides grading report of any SHG based on its financial and non-financial records, at the doorstep of all stakeholders.

The project covers the existing SHGs; bank wise, branch wise and block wise in the selected districts. The social, demographic and financial profiles of members as well as the SHGs, together with member identification details like Aadhaar, Voter ID, etc. are captured and uploaded on to a dedicated website <https://eshakti.nabard.org>

A few of the salient features of EShakti include user friendly mobile app in local language, upload of monthly transactions of SHGs, regular SMSs to members, automatic generation of balance sheets which are printed and provided to SHGs on a monthly basis, dynamic grading, system generated loan applications, etc. EShakti has promoted transparency of group operations, accountability of members and accuracy of financial records. EShakti project has successfully brought lakhs of SHGs and their members on to the online platform.

2.2 PROGRESS AND IMPACT OF ESHAKTI

As on 31 March 2019, EShakti pilot project has onboarded 4.34 lakh SHGs involving 47.91 lakh rural households in 100 districts across 22 States and 1 UT covering the entire length and breadth of the country. The credit linkage under the pilot districts has increased from 1.65 lakh (38%) to 2.22 lakh (51%) thus proving the success of the project in catering to the credit needs of the rural poor.

In order to leverage the huge digitized data available on the platform, a massive effort was initiated in January 2019 to link the SHG members under EShakti to the Financial Inclusion and Social Security Schemes of Govt. of India in all the 100 districts where the pilot is operational. Awareness about the Social Security Schemes was created among the SHG members and they were hand held to enroll under PMJDY, PMSBY, PMJJBY and APY. As on 31 March 2019, 0.64 lakh Jan Dhan accounts were opened and 2.53 lakh PMSBY insurance policies, 0.48 lakh PMJJBY insurance policies and 0.08 lakh APY pension policies were enrolled across the

country. Apart from this, 6319 micro-insurance policies were also enrolled during the period, proving the immense potential of EShakti in benefiting all the stake holders of the project.

2.3 WAY FORWARD

EShakti has proved to be an important digitization initiative and mechanism in addressing the financial exclusion of the SHG segment. It also succeeded to a large extent in bridging the gap between the savings and credit linked SHGs. Of the 4.34 lakh SHGs covered under EShakti, 2.22 lakh SHGs (51%) are credit linked with banks and 0.23 lakh SHGs with NABFINS/ Federations/ MFIs, credit linking nearly 56% of the onboarded SHGs.

While there has been impressive progress in formation and savings linkage of 100.14 lakh SHGs across the country, only 50.77 lakh SHGs are having outstanding loans with the banks as on 31 March 2019. So there is still scope for 49.37 lakhs SHGs to be credit linked. The need of the hour therefore is the expansion of EShakti project to cover the rest of the country for digitizing the remaining SHGs, in order to achieve the goal of financial inclusion of all the underserved rural poor.

Once data of all the SHGs is made available on EShakti, various stakeholders including NRLM, Govt. Agencies and bankers can access the platform for getting the entire gamut of SHG related information. The one-click availability of social and financial information of crores of rural families across India on a single platform will have great significance for various players as they can use this platform for their public welfare schemes, DBT related services, insurance, rural housing schemes, personalized sale and promotion of new products in rural areas etc.

“The test of our progress is not whether we add more to the abundance of those who have much; it is whether we provide enough for those who have little”

THE DIGITAL LEAP

Murickassery, a small village of migrant farmers and native Adivasi communities has been developing as an important centre of Idukki district in a densely forested, mountainous region of Kerala. NABARD EShakti programme has paved the way for modernising their banking experience. Group based farming for growing tapioca, plantain, vegetables, etc. on leased land by 17 members of Udayam SHG of the village was launched under the handholding of Highrange Development Society.

The intervention

The SHG has been digitised under Eshakti programme of NABARD. All the transactions are uploaded through mobile and they are getting messages of all their transactions. NABARD supported workshops are conducted to create awareness on the concept of SHG, record-keeping, financial literacy as also the social security schemes of the Government.

Critical determinants for the success of the endeavour

- ❖ Cohesiveness of group
- ❖ Ease of banking brought about by EShakti

The Impact

Currently they are getting loan of ₹5 lakh. Before digitisation the members were receiving an average loan of ₹1.3 lakh.

With the intervention of EShakti programme, all the members hold a savings account in nationalized banks. EShakti has ensured transparency and provided all the information relating to their bank account easily. Increased awareness levels of SHG functioning through MIS generated reports has resulted in banks having more confidence in providing credit to the groups. This makes it easy for the SHG to access timely credit without much hassle. With awareness about the Government security schemes like the PMJJBY and PMSBY schemes, the members collectively fill up the forms and submit to the bank. Digitisation was thus providing them a platform to reap these benefits. Apart from helping them to dream big, it gave them a feeling of security and satisfaction.

3. SHG BASED LIVELIHOODS AND SCOPE FOR INNOVATIONS

Narasimhan Srinivasan

- 3.1 The SHG programme today covers more than 10 million groups of which more than 5 million groups have access to credit from mainstream banks. With savings of more than ₹ 233 billion these groups have managed to borrow ₹ 870 billion. Even assuming a third of these loans are directed towards meeting emergencies and other consumption requirements a large amount of livelihood generating activities seem to be undertaken under the SHG programme. The government run NRLM and NULM account for 62% of all the groups. Both these are livelihood programmes and the extent of credit support under these indicate that the SHG interventions are one of the most significant that drive livelihoods incomes on the ground.

With such large number and especially of women, there is a need to examine more closely how these livelihoods are driven and whether these can actually be designed to produce a much greater income and well being impact.

- 3.2 Low income households operate a variety of income generating livelihoods. Most of these are carried out at subsistence level and not geared to provide adequate incomes for sustaining a reasonable quality of life. The challenges facing such livelihoods relate to their inability to access broader markets for finance and sale of produce/services and limited technology adoption necessary for lowering costs and improving productivity. The challenge of markets, finance and technology hinder the enterprise effort. SHG linkage programme is in a position to either partly or fully solve the challenges relating to finance. This is done by promoting savings that forms the capital base and provision of credit that enables investment completion for the chosen income generation activity. Finance is a necessary, but not sufficient condition for the success of the low-income livelihoods. Typically, the SHG members come with limited literacy, low skills and handicaps in seeking relevant information on the livelihood activity. In such a context, providing credit funds might actually have a negative impact as there is a distinct possibility of the chosen economic activity being unsuccessful. SHG programmes will have a higher probability of establishing successful livelihoods for the women, when they either provide or facilitate the other linkages.
- 3.3 The objectives of the national initiatives on livelihoods for the poor namely NRLM and NULM have rightly been the provision of skills and marketing support apart from access to finance. However, in delivery the NRLM and NULM have been more successful in credit provision to SHG women; much less so in access to technology, skills and markets. As a consequence, the SHG women have found it difficult to service the loans from banks, reflecting in higher NPAs. Repayment of loans is a function of income earned by the borrowers and unless there is adequate attention paid to the capacity of borrowers to generate adequate incomes the loans could be in jeopardy. The geographic distribution of NPAs in SHG loans reveals higher incidence of defaults in states where the SHG support systems and linkages are weaker. The North Eastern and Central regions with the weakest linkages had the highest proportion of NPAs at 33% and 30% of loans. The Southern

region with a good track record of SHG formation and support systems reported NPAs at 3.3% of loans. The declining overall NPA level in the country (from 7.4% in March 2015 to 5.19% in March 2019) indicates improved focus of effort on success of SHG based livelihoods.

- 3.4 Introducing millions of SHG members to awareness, skill sets, market linkages and other support systems is not an easy task. Given the changing nature of market, dynamic factors affecting demand for products and services and competition for the bottom of the pyramid market from organized corporates, there are significant bottlenecks in making the SHG members ramp-up their enterprise activity to an adequate level. This challenge requires creative solutions. Some organisations and projects have tried out creative solutions to strengthen SHG based livelihoods successfully and at scale. Three such projects/initiatives have been taken up for a detailed examination.

A. Tejaswini, an IFAD funded project implemented by Mahila Arthik Vikas Mahamandal Nigam (MAVIM)

One of the prime examples of successful grounding of livelihoods is that of the work done by MAVIM which is a state run corporation for development of women. MAVIM was chosen as the implementing agency for the Tejaswini project funded by IFAD. MAVIM has over time promoted 78300 SHGs with about 940000 members in the state of Maharashtra. These groups are anchored by Community Managed Resource Centres (CMRC) which act as a nodal point for access to finance, access to technical knowhow and also access to markets.

The main objective of the livelihood and enterprise development strategies is to promote sustainable livelihoods for poor women and their families. Since Agriculture and allied activities form major source of livelihood and also form major proportion of investments through loans taken by SHGs, MAVIM has focused on activities like goat rearing, dairy, poultry, SRI, vegetable cultivation etc. MAVIM is promoting the best practices/models well established in livelihoods development. Non-farm activities like tailoring units, beauty parlours, etc., are also being promoted based on the potential of the area and local demand. MAVIM has partnered with other agencies such as UNDP and IDH for best designs and practices in small holder livelihoods. While MAVIM initially tried out the traditional skill development training that resulted skilling of SHG members in a random manner without clear outcomes, it soon realized that it had to change the mode of supporting income generating activities and micro enterprises. It embarked upon preparation of Micro Livelihood Projects (MLP) in each cluster. MAVIM and CMRCs realized that economic activities will have to be driven by people's interest and if people from one SHG are interested in doing something, they should join hands with others with similar interest from other SHGs and for a MLP group which can then get bank funding.

A group of 20-30 individual members engaged in a common livelihood activity are organized into a MLP group. The strategy is envisaged to ensure that individuals have a key economic interest in the outcome of the activity and the group does not suppress the same. MLPs thus manage to promote livelihood activity at individual level and at the same time achieve economies of scale through aggregation at group level. For example members of the group carry out production individually

which is aggregated at group level; and production from a number of MLPs can be aggregated at cluster level for value addition, market linkages, etc. MLP strategy was directed towards provision of support services for existing livelihoods in order to reduce costs, improve productivity and enhance market access. Going further MAVIM established six Business Development Centres for providing marketing support. Training of SHG members in an activity of their interest and the chosen activity under the MLP was provided in partnership with appropriate agencies such as BAIF, Goat Trust, etc. Support structures to ensure raw material/input supply, machinery for improved production practices, health care for livestock were all planned and introduced in the form of social enterprises which in turn were designed to be self-sustaining with collection of user charges from SHGs and their members. In all Tejaswini project implemented by MAVIM provided a wholesome solution to promoting viable enterprises for people at the bottom of the pyramid.

The number of livelihoods established and strengthened was not small and the entire effort was done at scale. MAVIM, under the Tejaswini project linked almost 56000 SHGs to bank credit; supported 6.08 lakh members of SHGs in livelihoods and IGA activities. The project in total supported 1.08 lakh households under 4350 MLPs. The project trained 1,200 Pashu Sakhis and 200 Krushi sakhis on veterinary care and cattle feed production. MAVIM has also trained 6.4 lakh women in off-farm and non-farm trades. MAVIM had promoted 496 social enterprises covering 89,753 households. The social enterprises included 46 Agriculture Service Centres (ASCs), 26 Agriculture Machinery Centres, 87 units for cattle feed supply, 155 goat banks/buck units, 3 cashew processing units and a dal mill. CMRCs are earning around 15% income

through social enterprises at the end of the project. In addition to all these foregoing efforts, using the funds from SHG-bank linkage, 409,392 households have established income generating activities on their own.

The Tejaswini model of developing viable IGAs is clearly a success. That it was initiated and implemented by a Government corporation is all the more praiseworthy. The learnings from the MAVIM model are four fold: 1. Even under group modes, livelihood activities should have an identifiable individual contribution and output at production level; even though for financial services the groups might be necessary; 2. Skills randomly built do not achieve effectiveness. Skill training should be for identified activities where a cluster exists and a number of others are also in the same activity so that continuing services and handholding become possible. 3. Institutional infrastructure for accompanying the activities in the clusters is an essential condition for success – for example, feed, fodder supply, healthcare, support for grading, sorting, packing or market linkages should be provided so that aggregated produce can be of a marketable quality. 4. Market access necessitates aggregation of produce at group and higher levels. This enables appropriate processing and suitable presentation of products for the target markets. The innovations made by MAVIM are the preparation of Micro Level Plans that are rooted in the local context and creation of social enterprises to provide all the support services for the IGA to succeed. With its very good relationship with banks, MAVIM had few difficulties in ensuring access to credit for the SHGs. The stellar role being played by the CMRCs in servicing the requirements of SHGs has been a critical one in accessing bank credit.

B. Rural Women’s Initiative for Self-sustained Enterprises (RISE) - project funded by Vodafone Foundation, implemented by Hand in Hand India

Hand-in-Hand is a large NGO which operates in several states in the country. Over the last 15 years, It has formed and nurtured 1.66 lakh SHGs till May 2019, with about 20.6 lakh members. It

had created/supported 21.25 lakh income generating activities, at times more than one activity per household. In addition it has also supported setting up of more than 59000 microenterprises. A key feature of the groups promoted by Hand-in-Hand has been the focus on income generation. The following example illustrates that well designed interventions can take technology to the vulnerable households and enable them to use it functionally.

Hand in Hand India with the CSR partnership with Vodafone foundation took upon itself the challenge of capacitating SHG women member entrepreneurs to do Business to Business transactions (B 2 B) online for marketing of their products. The initiative aimed to build the capabilities of 50,000 women entrepreneurs by providing end-to-end business development support to manage their enterprises efficiently including enterprise development, marketing skills, improving quality parameters (products, services and processes) and using technology to enhance market access. The project envisaged increasing average income levels women entrepreneurs by 50%.

Vodafone Foundation developed a technology platform, a dedicated virtual marketplace exclusively for women entrepreneurs which can be accessed through a mobile app. The app enables women entrepreneurs working in diverse activities such as manufacturing, services, trade, agriculture, retail, handicraft, and garments to display their goods and avail products and services within their network, through trade transactions. The programme helps women expand their customer base and upscale their enterprises.

The project adopted a step-by-step approach to build the competence of women. To begin with, SHG women entrepreneurs of Hand in Hand India were encouraged to transact business among themselves. As they did business with each other, they become aware of effective sales and marketing techniques, building business networks, better manufacturing techniques and quality products for the markets. The awareness of how to reduce costs and maintain quality also was generated. As a next step, the women were encouraged to do business with entities outside the Hand in Hand Ecosystem. As a handholding measure, Hand in Hand India identified the external businesses, carried out due diligence before introducing the external businesses to the SHG entrepreneurs. At the same time, with the support of Vodafone, the technical infrastructure comprising a SMS based alerts system, an ecommerce mobile app and an ecommerce website to put through business transactions over the Marketplace were developed.

Hand in Hand identified about 57,000 SHG women entrepreneurs comprising producers, traders and service providers. The products brought to the market included handicrafts, garments and organic food products. Services include mobile repair, computer training, electrical services. Traders who operate retail outlets, street food kiosks, stationery shops, garment shops etc. have also been included. While anchoring the initiative, Hand in Hand India supported the capacity building process by providing intensive training on finance and marketing to reorient the mind-set of SHG women and build their business acumen.

Technology induction at the SHG member level was done in a series of three steps. It started with use of SMS for business facilitation; and then moved in to a mobile app based facilitation.

Thereafter women were trained to use a web portal for carrying out their business transactions. The three-phased approach ensured that women were able to absorb the technologies and became familiar with transacting through the digital media.

Achievements

SHG women have been trained on enterprise development, improving quality parameters (products, services and processes), MSME registration, e-mobile app and e-market portal. Market Research was carried out for manufacturing, services, Trade, agriculture, handicraft products and retailing to finalise marketing strategies. Further, Transaction support systems, A call centre to address the queries, follow up the orders and support the entrepreneurs is in place. Logistics infrastructure tie-ups have been created with professional service providers and Payment Gateways for settlement of transactions had either been created or brought on board. 15 companies and business entities have been enrolled to provide enlarged business opportunities and volumes.

Over the three year period the project trained 55000 SHG women members in enterprise management and more than 17000 in use of the mobile app for e-commerce transactions, for marketing of their products. The cumulative volume of transactions exceeded ₹ 125 crores by June 2018. By end of the project in 2019, the cumulative sales turnover was projected at ₹ 250 crores. The project had aimed at increasing average incomes by 50%. During the first year of the project studies showed that the average income of SHG women had increased by 43.34%, providing hope

that by end of the project in 2019, the incomes would have increased considerably beyond the target.

The implementation however, has its set of challenges. While awareness and comfort level with technology has improved among the women the level of expertise required to ensure smooth operations of online business is yet to be acquired. The project e-commerce website has to compete with other e-commerce websites. Competition with other ecommerce websites is not seen as a negative feature since they also provide a window for improving business of SHG women entrepreneurs. Development of mobile App and Portal took more time than expected as it involved many partners. The migration of business to an app based platform and then to a web-portal was delayed, but business was progressing well on the SMS platform. Ownership of smartphones and access internet were low among SHG women. To provide women entrepreneurs with smart phones and mobile connections, Vodafone Foundation with support of Vodafone India developed “Smart Snehidi”, under which Hand in Hand India developed a loan product for women to purchase a mobile handset with a free SIM from Vodafone India and a (250 MB) free internet connection.

Learnings

The RISE project is a success in many ways. First is the critical integration of technology in women’s livelihoods and providing a pathway for other projects to think creatively for technology enablement. The second is the partnership of a corporate in design and technical knowhow to run a project that is complex for the chosen clientele. The third aspect of success is the confidence building among women and easing their entry in to e-commerce space.

Such projects required considerable planning with detailing. The time taken for planning is a clear investment as it avoids expensive errors which might be difficult to undo on account of participants operating in a real-time market place. Technology induction among rural women should be done in small doses over a longer period of time. More than skills, confidence building is a critical aspect. The phasing of market entry, with initial local inter-group dealings, then reaching out to other groups and later to external markets ensured that women had adequate time to get feedback from the markets that they faced and make necessary changes. In design of similar projects, this kind of phasing in which women transit from familiar to unfamiliar and simple to complex counterparties in the market is most appropriate.

The key pointers that emerged from the Hand-in-Hand project is that rural women can and do adopt higher technology in order to be able to increase their livelihood incomes. Once they realize the potential, the women are able to respond to the market demand and even change the nature of the product and customize it to meet the expectations of consumer.

C. SKDRDP – financial products aligned to livelihood

SKDRDP, the Karnataka based NGO which is a pioneer in promotion of SHG. SKDRDP is a major lender to SHGs with exemplary recovery record. So far SKDRDP has facilitated formation of 1,16,522 SHGs, covering 12,50,000 families. The loan products of SKDRDP are unique for the sector in that the loans are flexible, the tenures vary from 100 weeks to 520 weeks depending on

the purpose, the interest rates are also flexible ranging from 9% to 15% depending on the source and cost of funds. SKDRDP currently (March 2019) has more than 4.4 lakh borrowing SHGs with 40 lakh members in Karnataka. SKDRDP has SHG loans outstanding to the tune of ₹9944 crores, the overdues are less than 1% at ₹64 crores. SKDRDP has been an innovator in SHG sphere and had from time to time introduced new products, services and initiatives to ensure that members wellbeing is enhanced. The overriding principle behind the micro credit activities of the organization is to provide cost effective services and create self reliance among the poor people.

The two important initiatives that positively impacted livelihoods of SHG members, introduced by SKDRDP merit examination – provision of agriculture and allied sector loans with weekly repayment schedules and providing appropriate extension training to the borrowers. SKDRDP has provided significant amount of loans for agriculture related purposes. Its current loan book has 42 different agricultural loan types and 7 livestock loan types that are either crop/livestock or investment specific. The loans are supported through extension training of different types for different crops and investments on the ground. During 2018-19 extension training in more than 3600 courses covered almost 2 lakh farmers. These courses related to 19 different activities/investments and help the farmers apply their financial and physical resources optimally.

Traditionally farm loans are provided by banks at the beginning of the crop season and recovered at the end of the crop season. SKDRDP recognized very early that the farmers' income does not come from crop alone (recent NSSO studies show that only about 45% of annual income in farm households are actually derived from crop production). Most Indian farm households have subsidiary incomes from dairying, backyard poultry, vegetables, forest produce, horticulture, kitchen garden, trading activities etc. It is also quite common among such households to have one or two adults working in far away towns sending money home. In effect, poor households in villages have multiple sources of income. Although it is meagre, such income are very regular. Many a times the households use this additional income for meeting their recreational expenditures and the bulk of these small incomes are mostly spent on unnecessary consumption. On account of its reading of the farmers' economic context, SKDRDP designed its agricultural loans in the group mode with weekly repayment.

The farmers are formed in to smaller groups and provided loans that are to be repaid in weekly instalments. This ensured that even those farmers who did not have regular incomes, went in for jobs and activities to earn incomes to service the loans every week. Dr Manjunath of SKDRDP writes "Repayment across all kinds of groups are received at weekly rests. Initially there was apprehension by the members of the group that weekly payment is impossible as the cash flow from the farming activity is seasonal and they would not have any money for a weekly payment. The policy of SKDRDP remained unchanged. Instead the members were persuaded to take some kind of subsidiary work to have weekly cash for repayment. The instalments were conveniently fixed and extended tenures were given for keeping the instalment amount to feasible levels. After the initial reluctance SHG members fell in line to get accustomed to weekly payment of instalment." The advantage of making farmer pay even during the crop season is that the repayments become a form of hidden savings. The farmer is able to retain a large amount of money that is attained from the sale

of produce after harvest. The second advantage is that the farmer is not under pressure to repay the loans incurred for cropping and has a higher capacity to store and sell the produce for higher prices at a suitable time. This model is called the Pragati Bandhu Model by SKDRDP and covered almost 4 lakh farmers with loans of about ₹1580 crores in 2018-19. The outstanding portfolio of about Rs 9980 crores is entirely recovered through weekly instalments. These loans are of different types – agriculture, non-farm, production, investment, housing and consumption as well. According to SKDRDP “If a small farmer is motivated to use these small incomes for repaying his bank loans and an opportunity is given to him to deposit in the bank at frequent intervals, most of the bank loans can become regular.”

3.5 NABARD's experience

NABARD launched the Livelihood and Enterprise Development Programme for SHGs in 2015 as it felt that only skill up-gradation will not produce a desired outcome among the Self-help Groups (SHGs) and NABARD decided to come up with a comprehensive intervention which provides for intensive training for skill building, refresher training, backward-forward linkages, and handholding and escort supports. It also encompasses the complete value chain and offers an end-to-end solution to the SHG members. The skill up gradation training is provided in batches of 25-30 members and covers agri & allied activities as well as rural off-farm sector activities. LEDP not only facilitates the promotion of sustainable livelihoods but also derive full advantage from promotional

assistance. NABARD provides grant support for skill up gradation programmes, the establishment of demonstration unit and need-based critical infrastructure.

- 3.6 NABARD had caused a series of interventions in all the states under Livelihood and Enterprise Development Programme that focused on providing skill training and linkages. The impact measurement studies carried out across the country revealed that the group members' income had increased and they had been able to improve the quality of their production and access more remunerative markets. This impact was possible because of the attention paid to skill development and marketing. In a credit programme normally the focus is on providing credit and recovering the same without any losses. However The LEDP programme of NABARD shows that the groups are able to use credit much more functionally when their capacities are built to improve upon the manner in which they conduct their livelihood effort. While projects in Manipur reported an increase of ₹5000 annual income post LEDP, Jharkhand reported increase of ₹4600 to 8000 in different locations (ranging from 12 to 20% increase). Telengana projects, mostly on vegetable cultivation and marketing reported increases ranging between ₹5000 and 40000 depending on crop and season. The learning is that mere provision is credit or sporadic skill development does not produce results. Providing linkages that complete the production and marketing cycle through appropriate technology, skills, finance, markets and some handholding in case of activities that aspire to scale up in to an enterprise can alone ensure that livelihoods become secure.
- 3.7 To conclude, one can say that creating livelihoods for the vulnerable households requires much more than social bonding and access to credit. A group framework can make the livelihoods become sustainable faster. Aspects such as the identification of linkage requirements such as skills, technology, markets, enabling local infrastructure and handholding are critical. Neither a financing institution nor a voluntary organization can by itself bring on board all the linkages and expertise to make livelihoods successful. Without such linkages, promotion of livelihoods for the poor is a high risk proposition and the poor have a lot to use in terms of their investment of meagre resources, but considerable time and effort. Collaborative projects with multiple partners that bring in varied expertise and knowledge are more likely to be successful in this space. Further, the long held assumptions as to nature of the beneficiaries and their lives need to be examined from time to time as the SKDRDP example shows. The local context and client lives need to be studied in detail before designing the livelihood interventions. Given the large demand and the number of people who are part of the groups, the scope for innovative solutions to the livelihood challenge is indeed very high.

SEWING A LIFE OF PROSPERITY

Ladella Rajani and her husband Srinivas are residents of Mogullepalli Village. Rajani worked as an agricultural labourer in and around her village. She was also a member of the Jai Sri Ram SHG in her village. The wages from agricultural labour were hardly enough to meet the needs of the family.

The Activity

Tailoring with Maggam work embroidery on dresses, sarees, blouses etc. by members of Jai Shri Ram SHG of Mogullepalli village, Warangal district, Telangana.

The intervention

In March 2018 Rajani attended Maggam work training organised by Society for Lakshyam Social Organisation, the NGO in her village. The training was supported by NABARD under the Micro Enterprise Development Programme (MEDP). Maggam work involves embroidery on sarees, blouses, dresses etc. It is one of the most popular types of embroidery also known as Aari embroidery. Widely spread across India, it goes by the name Maggam work in Telangana and Andhra Pradesh states. Ornate and delicate designs inspired by nature are brought to life by skilled artisans with precise stitches and the gentle gradations of the color of the thread.

Immediately after her training, Rajani began to make clothes with maggam work for people in her village. It is quite a fashion trend at present. It is a value addition to conventional tailoring and is more remunerative.

Critical determinants for the success of the endeavour

- ❖ Choosing a value added activity with good market demand
- ❖ Training for the activity

The Impact

Rajani is taking orders for Maggam work from customers in her village and is able to earn ₹ 12,000/- per month by working from her home. She is happy that she can look after her household work and earn as well and she no longer has to go in search of agricultural labour work to make ends meet.

4. PROGRESS OF SHG-BLP

- 4.1 SHG Bank Linkage Programme (SHG-BLP), which started its journey as a pilot project in 1992 has become the mainstay for the 100.14 lakh SHGs as on 31 March 2019 covering more than 1200 lakh households for social, economic and financial empowerment of the rural poor, especially the women. As per the Global Findex Database 2017 of World Bank, India's gender gap in access to financial service has come down to 6 percent. Microfinance initiatives have a major stake in bringing the unbanked women to the mainstream by bringing them into the domain of SHG-BLP on a continuous basis. In 2018-19 too there was a net addition of 12.7 lakh savings linked SHGs. A sizeable number of SHGs have been added during the year in states like Assam, Bihar, Chhattisgarh, Jharkhand, Odisha, Rajasthan, Uttar Pradesh, etc. This signifies the urge for connecting the poor households in poverty dominated & underserved states with the development process through SHG-BLP. The number of new SHGs added every year has been receding in some states mainly for reasons like saturation in potential areas for formation of new SHGs and data sanitization by banks. NRLM, taking the lead in formation and capacity building of SHGs in rural India, accounted for 55.80 lakh SHGs, a jump of 33 percent during the year with a net addition of 13.96 lakh SHGs under its fold. This lead had been mainly due to absorption of non NRLM groups into NRLM fold and formation of new groups. The domain of SHGs consists of 85.2 percent women groups and is the mainstay programme for empowerment of the poor rural women in the country. Table 4.1 gives an account of savings, credit disbursement and credit outstanding of total SHGs and under NRLM and NULM during past three years i.e. 2016-17 to 2018-19. Rising of NPAs in SHG loans, from a 2.1 percent in 2008 to 7.4 percent in 2015 was a concern in the sector. Thereafter, the NPAs started declining from 7.4 percent (in 2015-16) to 6.12 percent in 2017-18 which further declined to 5.19 percent in 2018-19. There has been decline in absolute NPAs implying improvement in quality of loan assets in the sector.
- 4.2 SHG Bank Linkage programme is an effective intervention in economic upliftment and financial inclusion for the bottom of the pyramid. A proven platform initially conceived for increasing the outreach of banking services among the poor has since graduated to a programme for promotion of livelihoods and poverty alleviation. All major parameters viz. the number of SHGs with savings bank accounts, amount of credit disbursed during the year, the bank loans outstanding as well as the quantum of savings outstanding had shown positive growth during the past three years (Figure 4.1). The growth in number of SHGs availing bank loan and amount of institutional credit disbursed to SHGs was 19.33 percent and 23.6 percent respectively during 2018-19.

Table 4.1: Overall Progress under SHG-Bank Linkage Programme(2016-17 to 2018-19)

(Number in lakh/Amount ₹ crore)

Particulars		2016-17		2017-18		2018-19

(Figures in parentheses indicate increase/decrease over the previous year)

Figure 4.1: Progress of SHG-BLP (2016-17 to 2018-19)

4.3 Progress of Saving Linked SHGs with Banks (2017-18 to 2018-19)

The banks have reported addition of 12.70 lakh savings linked SHGs at all India level registering a growth of 14.5 per cent during the year 2018-19. Among the different regions, Western Region registered the highest growth of 26.55 percent followed by Eastern Region (24.6 percent), Central Region (17.8 percent), Northern Region (14.6 percent) and North Eastern Region (7.8 percent). The lowest growth of 5.1 percent was registered in Southern Region. Among the states, Rajasthan, Assam, Bihar, Orissa, West Bengal, Chattisgarh, UP, Maharashtra, Kerala, Karnataka and Telangana registered a good growth of SHGs while states like Andhra Pradesh, Puducherry, Tripura, Arunachal Pradesh, Nagaland, Sikkim registered a negative growth of SHGs leading to decline in absolute number of SHGs in such states over the year 2017-18. The decline in savings accounts of SHGs is mainly due to data sanitization, closure of dormant accounts, under reporting for certain states, and change in the SHG Bank Linkage model for example like SHGs have shifted to linkage through Banking Correspondents.

As regards, the regional share of SHGs during the year 2018-19, Southern Region accounted for major share of 38.3 per cent, followed by Eastern Region (26.5 per cent), Western Region (13.9 per cent), Central Region (10.6 per cent) and Northern Region (5.5 per cent). The North Eastern Region had the lowest share of 5.2 % of total SHGs in the country. The share of Southern Region in terms of number of SHGs declined to 38.3% in 2018-19 from almost half (48.3%) in 2014-15. The state-wise details of number of SHGs are given in Statement IIA.

Table 4.2: Region-wise progress of Saving Linked SHGs with Banks (2016-17 to 2018-19)

(Amt. in ₹Lakh)

Sr. No.	Regions	2016-17		2017-18		2018-19	
		No. of SHGs	Savings-Amount	No. of SHGs	Savings-Amount	No. of SHGs	Savings - Amount
A	Northern Region	457199	49676.28	478883	49293.91	548624	62452.82
B	North Eastern Region	452887	22955.70	485591	32207.59	523469	40407.05

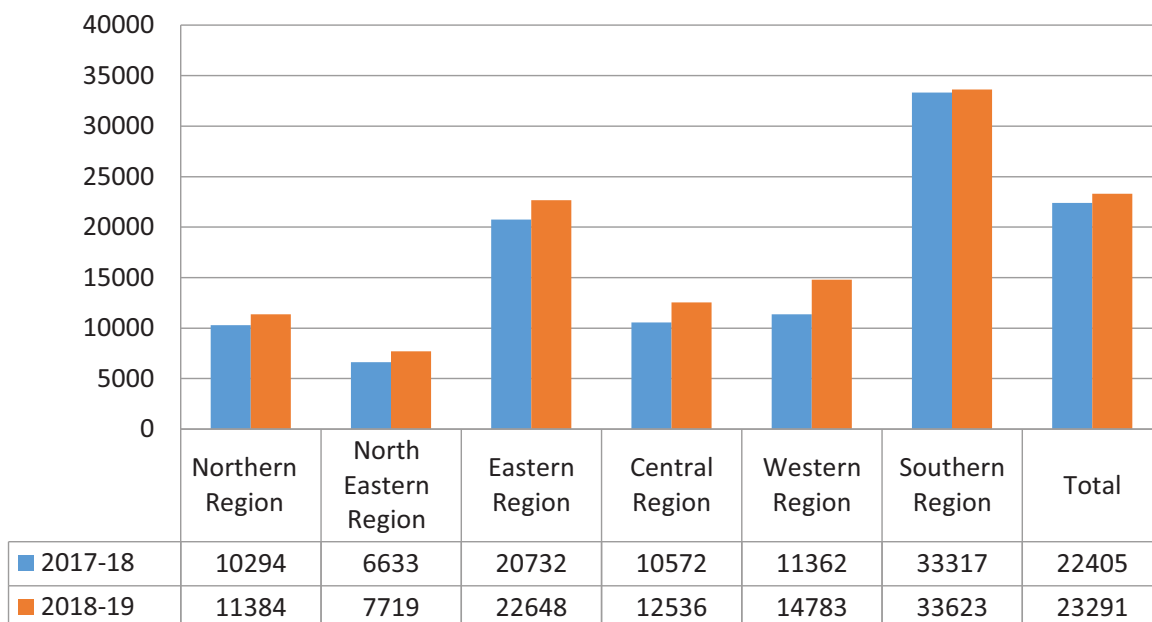

Figure 4.2: Regional Distribution of SHGs with Savings Linkages (% Share of SHGs)

4.4 Savings Outstanding with SHGs

A robust savings outstanding of an SHG is its strength as it can meet exigencies of its members through internal lending as well as can source a bank loan for a suitable investment plan. The savings outstanding of SHGs as on 31 March 2019 has reached all-time high of ₹23,324 crore, registering a growth of 19.1 percent over the year 2017-18. However, the average savings per SHG has marginally increased by 3.9 percent per cent during 2018-19 to ₹23,291 crore from ₹22,405 crore in the year 2017-18. The average savings was highest (₹33,623) in Southern Region and while it was low (₹7,719) in North Eastern and Central Region (₹12,536) (Fig 4.3). Southern states have a sizeable number of matured SHGs that contribute higher amount of monthly savings leading to higher average savings rate, whereas in North Eastern States and other priority states, the average savings are low. States that have added more number of new SHGs during the year have recorded decline in average savings during the year. The highest increase in saving was observed in Western Region (30.1 percent) followed by Central Region (18.6 percent), North Eastern Region (16.4 percent), Northern Region (10.6 percent) and Eastern Region (9.2 percent). The lowest growth (0.9 percent) in average saving per SHG was observed in Southern Region. The state-wise savings outstanding position given in Statement IIA.

Fig 4.3 Region Wise Average Saving Per SHG (₹)

4.5 Credit Disbursement by Banks

During 2018-19, highest number of SHGs ever i.e., 26.9% of total SHGs, were provided with institutional credit in a single year. On the whole, Banks disbursed ₹58,317 crore loans to 26.98 lakh SHGs during the year, as compared to ₹47,186 crore loans to 22.61 lakh SHGs during 2017-18. The number of SHGs availing bank loan during 2018-19 was more than the previous year 2017-18 in case of all Regions except North Eastern Region, which recorded a decline mainly due to a fall in the number credit linked SHGs in Assam, Nagaland and Meghalaya. As regards regional performance with respect to credit linkage (Figure 4.4.), Southern Region outperformed all regions with 38.6 percent of credit linked SHGs followed by Eastern (34.3 percent), Western (10.6 percent), and Northern Region (10.2 percent). North eastern region recorded the lowest credit linkage of 5.2 percent of total SHGs. At all India level, the credit linkage was 26.9 percent in 2018-19 as against 25.9 percent in 2017-18 thereby making an improvement of one percentage point. One in every three SHGs in Southern Region and Eastern Region have availed bank loan during the year whereas in other regions the credit linkage of SHGs was much less ranging between 5.2 percent in NE region to 10.6 percent in Western Region. This is indicative of low level of repeat finance in the states in Northern, North Eastern, Central and Western Regions calling for sensitization of bankers once again towards SHG Bank linkage programme especially by their Corporate and Local Controlling Offices.

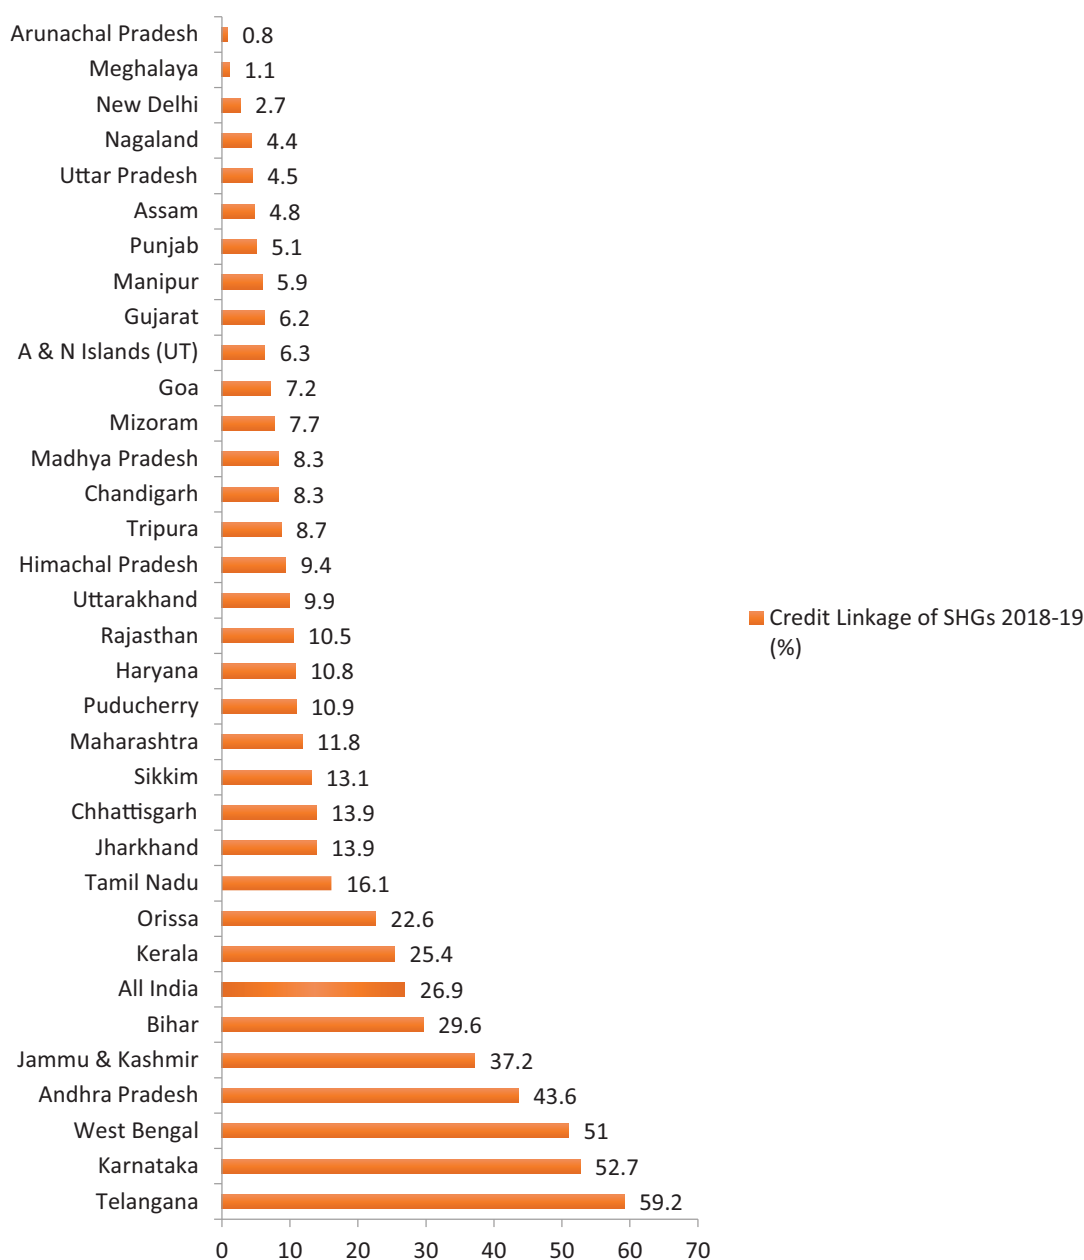

Fig 4.4 Region-wise Credit Linkage of SHG(%):- 2016-17 to 2018-19

As far as states are concerned, credit linkage of SHGs during the year was high in southern states like Telangana, Karnataka, Andhra Pradesh and Kerala (Fig 4.5). Some other states like Jammu & Kashmir, West Bengal and Bihar also have high credit linkage during the year. Low credit linkage in North Eastern states and some priority states like Uttar Pradesh, Gujarat, Rajasthan, Madhya Pradesh, Chhattisgarh, etc. remains a concern. In states like Chhattisgarh, Madhya Pradesh, Gujarat, Andhra Pradesh, Tamil Nadu, etc. the number of SHGs provided with bank loan during 2018-19 were lesser than the previous year. On the other hand, more number of SHGs were provided bank loan during 2018-19 as compared to 2017-18 in states like Odisha, Bihar, West Bengal, Karnataka, Kerala, Maharashtra, etc.

During 2018-19, about ₹58,318 crore of bank loan was disbursed as against ₹47,186 crore in 2017-18 registering a growth of 23.6%. The quantum of loan disbursed to SHGs was lower than the previous year in Western and North Eastern Region where as all other regions witnessed a rise in loan disbursement auguring well for the SHG movement. The dominance of Southern Region in disbursement of bank loans to SHGs continued during 2018-19 also. Southern Region accounted for more than half (54.6 percent) of the total number of SHGs availing credit during 2018-19 across the country and almost three-fourths (73.5 percent) of the total credit disbursed to SHGs.

Fig.4.5 State-wise Credit Linkage of SHGs 2018-19 (%)

The average loan disbursement per SHG during 2018-19 was ₹2.16 lakh, marginally higher than the average SHG loan of ₹2.09 lakh during 2017-18 registering a growth of 3.6 percent. Southern Region however continued to have the distinction of having highest per SHG average credit disbursement of ₹2.91 lakh with a rise of 4 percent over previous year's disbursement of ₹2.79 lakh per SHG (Table 4.3 & Fig 4.6). All other regions recorded an increase in loan per SHG. North Eastern Region (7.4 percent), Eastern Region (4.3 percent), Northern Region (7.4 percent), Western Region (4.6 percent) and Central region (5 percent) and also recorded a rise in the average

credit disbursement during 2018-19 as compared to the previous year. The number of SHGs availing bank loan, total amount of credit disbursed by banks and the average credit disbursement to SHGs in different Regions during past three years are shown in Table 4.3. The state-wise position of bank loans disbursed to SHGs during 2018-19 is given in Statement II B.

Table 4.3: Region-wise Status of Bank Loan Disbursed to SHGs during 2016-17 to 2018-19

(Total loan disbursed in ₹ Lakh; Average loan disbursed in ₹ per SHG)

Regions	2016-17			2017-18			2018-19		
	No. of SHGs	Total Loans Disbursed	Average Loan Disbursed	No. of SHGs	Total Loans Disbursed	Average Loan Disbursed	No. of SHGs	Total Loans Disbursed	Average Loan Disbursed
North Eastern	28961	28421	98134	35017	35721	102010	27086	29001	107070

All India	1898120	3878116	204314	2261132	4718587	208683	2698400	5831763	216119

Among the major states, the average credit disbursement per SHG increased in Haryana, J&K, Punjab, Bihar, MP, Goa and Andhra Pradesh, whereas it declined in Orissa, Jharkhand and Karnataka. The state-wise and region-wise average credit disbursement per SHG during 2017-18 and 2018-19 have been portrayed in Figure 4.7.

Fig 4.6: Region wise Avg Loan disbursed (₹)- 2016-17 to 2018-19

Fig 4.7: Region/State wise Avg Loan per SHG

4.6 Credit Outstanding

As of 31 March 2019, 50.77 lakh SHGs (50.7% of total SHGs) were having credit outstanding of ₹87,098 crore as against 50.20 lakh SHGs (57.4 percent) credit outstanding of ₹75,598 crore during 2017-18, recording a marginal 1.1 percent per cent increase in number of SHGs and 15.2 percent increase in the amount of loan outstanding during the year. The rise in the amount of loan outstanding with SHGs is mainly owing to increased credit disbursement during the year. As compared to the previous year, there was not much increase in the overall number of SHGs having bank loan outstanding at the end of March 2019. However, Inter region and intra region disparities are perceptible in both number of SHGs having loan outstanding as well as the quantum of loan outstanding during the year. Against 50.7 percent SHGs having loan outstanding at all India level, Southern Region has maximum concentration with 66.2 per cent, followed by Eastern Region (63.7 percent) and central region (30.5 percent). All other Regions have low credit penetration to SHGs as evinced from Fig 4.8

Table 4.4: Region wise No. of SHGs having Loan Outstanding (as on 31 March 2019)

Sr. No	Region	Total no of SHG	No. of SHGs having loan O/s	SHGs having loan O/s (%)
1	Northern Region	548624	124130	22.6

6	Southern Region	3836418	2538090	66.2
7	All India	10014243	5077332	50.7

Fig 4.8: Region-wise Distribution of SHGs Aailed Bank Loan during 2018-19

Among the states, only seven states, including four from Southern Region viz, Telangana, Andhra Pradesh, Karnataka and Kerala, have higher density of credit linkage of SHGs. Many of the SHGs in Telangana have bank loan under Cash Credit, investment credit and state government loan schemes which lead to more number of loan accounts than the number of SHGs in the state. High rate of loan outstanding in southern states, Bihar and West Bengal, etc. was owing to wider credit coverage of SHGs having credit linkage during past 2-3 years. Credit coverage was lower in certain small states and North Eastern states. However, major states like Maharashtra, Gujarat, Rajasthan, Madhya Pradesh, and Tamil Nadu also have relatively low credit linkage of SHGs as on 31 March 2019. This percentage was lowest among all states in Arunachal Pradesh (4.4 per cent) and among larger states in Gujarat (19.6 per cent).

4.7 NPAs in SHG-BLP

NPAs under bank loans to SHGs as on 31 March 2019 were 5.2 percent as compared to 6.1 percent as on 31.03.18 (Table 4.5). Although NPA has declined by 0.9 percentage points yet it's a matter of concern.. It had increased from ₹3,686 crore in 2016 to ₹4,002 crore in 2017 to ₹4,628 crore as on 31 March 2018. A heartening feature, however, has been the decline in absolute level of NPA to ₹4,524 crore as on 31 March 2019.

Table 4.5:Region-wise NPA Level (per cent) during 2017-18 & 2018-19

Sr. No		2017-18		2018-19	
		Amount of Gross NPAs (₹Lakh)	NPA as percent to Loan o/s	Amount of Gross NPAs (₹Lakh)	NPA as percent to Loan o/s
1	Northern Region	19216.31	22.12	20607.80	20.74
2	NE Region	17435.04	19.58	27500.92	33.08
3	Eastern Region	83752.01	7.17	85786.01	5.19
4	Central Region	53393.04	24.70	61315.44	30.59
5	Western Region	31854.73	13.43	30574.16	12.39
6	Southern Region	257154.38	4.46	226616.72	3.53
7	All India	462805.51	6.12	452401.05	5.19

As regards NPAs at regional level, in spite of the maximum bank loan disbursement and maximum credit linkage of SHGs, the Southern Region managed to bring down the NPA level to 3.53 per cent from the previous year level of 4.46 per cent (Fig 4.9). All other Regions had the NPA level higher than the all India level of 5.19 per cent except the Eastern Region. Central Region had the highest NPA level with 30.6 per cent and it had increased by 5.9 percentage points during 2018-19. Eastern Region had successfully reduced the NPA level during the year by 1.98 percentage points. The overall NPA position in Eastern Region declined to 5.19 per cent in 2018-19 from 7.17 per cent in 2017-18. Fall in the Gross NPA amount was also observed in other states like Rajasthan, Punjab, Nagaland, and Jharkhand. This is indicative of better recovery of bank loans to SHGs in these states.

Fig 4.9 Region Wise NPA as % to Loan O/s

Among the states, maximum NPA level was witnessed in Haryana (50.1 per cent), Assam (33.3 per cent), Tripura, Meghalaya, and Uttar Pradesh (Fig 4.10). All these states were having high NPA level during the previous year and their NPA level has gone up further during the 2018-19. The state-wise status of NPAs in bank loans to SHGs is given in Statement VI.

Fig 4.10 : State wise NPA as % to total Loan Outstanding

4.8 Agency-wise distribution of SHG Bank Linkage Programme

Recognizing the importance of financial inclusion in overall economic development of the people, the banking sector has been proactive for expanding microfinance through expansion of savings and credit linkage of SHGs. Commercial Banks by virtue of their vast network took the lead in Self Help Group Bank Linkage Programme (SHG-BLP). More than half (54.8 lakh, 54.7 per cent) of the SHGs in the country maintain their savings account with the Commercial Banks. During 2018-19, the share of Commercial Banks in terms of saving linked SHGs increased marginally from 53 per cent to 54.7 per cent and it accounted for 56.8 per cent of the savings outstanding of SHGs (Table 4.6). On the other hand, 30.8 lakh (31 per cent) SHGs maintain their savings bank account with RRBs and during the year 2.7 lakh more SHGs have been savings linked with RRBs. SHGs associated with RRBs have savings outstanding of 7,692 crore being 33 per cent of the total savings outstanding under SHG-BLP. RRBs recorded 20.8 per cent increase in their average savings outstanding per SHG during 2018-19 (Table 4.7). The cooperatives continued with their subdued performance under SHG-BLP with 14.6 per cent SHGs and 10.2 per cent of savings outstanding. Bank-wise status of savings outstanding of SHGs as on 31 March 2019 is given in Statement IA.

Table 4.6: Agency-wise status of SHG-BLP in 2018-19

(Amount ₹ lakh)

Category of Agency	Total Savings of SHGs with Banks as on 31 March 2019		Loans disbursed to SHGs by Banks during 2018-19		Total Outstanding Bank Loans against SHGs as on 31.03.19		NPAs as on 31.03.19	
	No. of SHGs	Savings Amount	No. of SHGs	Loans disbursed	No. of SHGs	Loan Outstanding	Amount of Gross NPA	NPA (percent)
Commercial Banks	5476914	1324023.23	1512907	3449246.74	2901209	5564111.05	289739.17	5.21
% Share	54.69	56.77	56.07	59.15	57.14	63.88	64.04	
Regional Rural Banks	3078473	769201.27	940818	1955264.43	1695534	2619598.85	127482.95	4.87
% Share	30.74	32.98	34.87	33.53	33.39	30.08	28.18	
Cooperative Banks	1458856	239223.65	244675	427251.71	480589	526105.53	35178.93	6.69
% Share	14.57	10.25	9.07	7.32	9.47	6.04	7.78	
Total	10014243	2332448.15	2698400	5831762.88	5077332	8709815.43	452401.05	5.19

Commercial Banks have a robust share in the credit flow to SHGs as well, with disbursement of ₹34,492 crore to 15.1 lakh SHGs. During the year loan disbursement by Commercial Banks increased from ₹28,707.62 crore to ₹34,492.46 crore registering a growth of 20.1 percent and 18.8 percent more number of SHGs as compared to the year 2017-18. RRBs have registered a big jump from 28.07 lakh to 30.78 lakh of SHGs registering a growth of 9.6 percent in number of SHGs and 29.3 per cent in quantum of loan disbursed to SHGs during 2018-19. Cooperative banks had extended credit of ₹4,272 crore to 2.45 lakh SHGs during this period. The Cooperatives could extend credit to 19 per cent more number of SHGs as compared to the year 2017-18. There is an increase of 27 percent in the quantum of credit disbursed during the year. This implies an improvement in the average credit disbursement of loans to SHGs by Cooperatives during the year (Table 4.7). The average loan disbursement of ₹2.27 lakh per SHG by Commercial banks remains the highest during 2018-19, which was marginally higher (1.1 percent) than the previous year. RRBs also recorded an increase in the average credit disbursement during 2018-19 as compared to the year 2017-18.

Commercial Banks have 63.8 per cent of total bank loan outstanding by SHGs as on 31 March 2019. RRBs and Cooperative banks have 30 per cent and 6 per cent share respectively (Table 4.6). The average loan outstanding also remains the maximum in case of the Commercial Banks and least for the Cooperative Banks (Table 4.7). Cooperative banks however have recorded 22 percent jump in average loan outstanding during the year as compared to 14.2 percent and 12.7 percent respectively in case of Commercial Banks and RRBs. Bank-wise details of loans outstanding at the end of financial year 2018-19 under SHG-BLP are given in Statement IC.

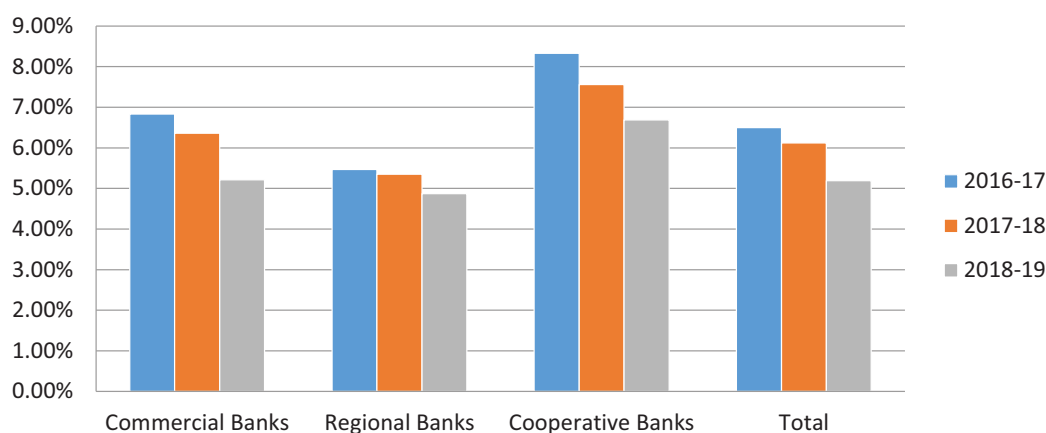

Table 4.7: Agency-wise Average savings, Loan Disbursement and Loan Outstanding (₹ per SHG) for 2017-18 & 2018-19

	Average Savings of SHGs with Banks			Average Loans disbursed to SHGs by Banks			Average Outstanding Bank Loans against SHGs		
	2017-18	2018-19	Change (%)	2017-18	2018-19	Change ((%)	2017-18	2018-19	Change (%)

Total	22405	23291	3.95	208683	216119	3.56	150584	171543	13.92

4.9 NPA position in SHG-BLP: Agency wise

The overall NPA rate in bank loan to SHGs was 5.19 percent as on 31.03.19 registering a fall of 93 basis points from the previous level of 6.12 per cent (Fig 4.11). All categories of banks have reduced their NPA level during 2018-19. The RRBs have reduced their NPA level from 5.35 percent in 2017-18 to 4.87 percent in 2018-19. Similarly, Cooperatives have reduced their NPA level from 7.56 per cent in 2017-18 to 6.69 per cent in 2018-19. Out of the total NPA amount of ₹ 4,524 crore, the Commercial Banks with ₹ 2,897 crore (Table 4.6) accounted for two third of it and there has been a decline of 6.6 percent in it over the previous year. The absolute level of NPA in case of RRBs was ₹ 1,274 crore in 2018-19 as against ₹ 1,216 crore in 2017-18. Commercial Banks however succeeded in lowering the absolute NPA amount from ₹ 3,101 crore in 2017-18 to ₹ 2,897 crore in 2018-19.

Fig 4.11: NPA Position of Banks (SHG-BLP) during 2016-17 to 2018-19 (percent)

DIVINE INTERVENTION

Mata Vaishno Devi is amongst the most revered Hindu pilgrimages sites in India. Nestled in the Trikuta Hills in Jammu, the cave temple of Goddess Vaishno Devi, who is the manifestation of Goddess Parvati or Shakti is said to be the abode of 33 Hindu Gods. An all season pilgrimage, Vaishno Devi is thronged by more than 10 millions pilgrims every year. The devotees are served Prasad in jute bags by the Mata Vaishno Devi Shrine Board. The Shrine Board requires these jute bags in lakhs every month.

The Activity

Manufacture of jute bags for distributing Prasad by members belonging to Sarla, Pooja, Kranti, Anand, Abhilasha SHG of Village Katli and Karandi on the Indo- Pak border in block and District Samba, Jammu.

The intervention

The women in these villages had very limited resources and opportunity to supplement their family income. The Vaishno Devi temple received thousands of devotees every day. Therefore, NABARD sensed a scope for supply of jute bags for the devotees and organised 60 women members of 20 Self Help Groups in district Samba under Livelihood and Enterprise Development Programme (LEDP) to manufacture the prasad bags and supply the same to the Mata Vaishno Devi Shrine Board. Inputs on publicity and packaging of jute products, record keeping, pricing and marketing were also imparted. The Project based approach took care of the complete value chain from training to procurement of raw materials and marketing thus offering end to end solutions to the SHG members. Around 49 members have availed loan ranging from ₹0.25 – 0.50 lakh by Corporation Bank, Branch Samba.

Critical determinants for the success of the endeavour

- ❖ Tie-up for supply of bags with the temple board
- ❖ Availability of employment at local level
- ❖ Essential training

The impact

A marketing tie up with Mata Vaishno Devi Shrine Board for supply of 5000 jute bags every month has led to employment generation at local level and the beneficiaries are earning ₹200 to ₹250 per day. There are talks to raise the number of bags from 5000 to 10000. Today, with the grace of the Goddess these women have a source of livelihood and pride.

5. MFI- BANKS LINKAGE PROGRAMME

5.1 MFI – Banks Linkage Programme

Microfinance is increasingly being considered as one of the most effective tools of reducing poverty. Microfinance has a significant role in bridging the gap between the formal financial institutions and the rural poor. The Micro Finance Institutions (MFIs) accesses financial resources from the Banks and other mainstream Financial Institutions and provide financial and support services to the poor. More than half of the rural households are still out of the ambit of institutional credit in spite of a host of efforts. Microfinance has a crucial role to play in development of Indian economy through enhancing credit access for these households.

As per MFIF micrometer report as on 31 March 2019, the microfinance industry had total loan portfolio (i.e. total loan outstanding) of ₹1,87,386 cr, of which NBFC-MFI as a group was the largest provider of micro credit with total loan outstanding of ₹68,868 cr (37 %) registering a growth of 42 % over the previous year.

With the introduction of institutional provisions like revision of RBI guidelines for NBFC-MFI operations, launch of MUDRA bank and small bank licenses over the past few years the microfinance industry has seen strong growth. As MFIs grow to attain considerable size & access financial markets for funds, there would be increasing focus on their governance. This would ensure institutional sustainability and confidence among its stakeholders. MFI business is primarily cash-intensive but with demonetization, the focus has now shifted to “digital payments” necessitating digital literacy among clients. MFIs have been increasingly adopting technology to improve their services for clients. They are using recent advances in banking & payments system infrastructure to make loan disbursement into the bank accounts of their clients.

As technology adoption gathers pace, there is need to raise level of financial awareness particularly digital. Financially aware customers are more responsible borrowers. With many of its clients lacking digital literacy, MFIs can consider investing in client literacy as a business promotion measure.

MFIs have to realize importance of Customer Centricity. Experience has demonstrated the fact that customers value services from MFIs more when these help them improve their quality of life. Research had revealed those MFIs who have built and nurtured close and caring relations with their clients over time, had the highest repayment rates and were the least affected during the Demonetization-led crisis. Innovation are therefore needed in the microfinance sector to serve the customer better and ensure the provision of appropriate financial products at the right time to the customer.

For quite some time, many MFIs have been complacent with a plain vanilla loan product. However, MFI clients have to develop in holistic manners. Therefore, to lift the poor sustainably above poverty requires more than financial services alone. The core clientele of the microfinance sector – the poor and the underprivileged – are the most vulnerable to shocks due to ill-health. In order to insulate such people from sudden health shocks and scares, guarding the health of their clientele by providing suitable services and products makes eminent business sense to microfinance institutions (MFIs). MFIs should

strive to integrate health & microfinance. MFIs should develop products such as renewable & clean energy products, housing microfinance, micro insurance, water & sanitation etc.

5.2 Progress under MFI/ MFO-Bank Linkage Programme

The Progress under MFI-Bank linkage programme during the last 3 years is shown in Table 5.1:

Table 5.1: Progress under MFI/ MFO-Bank Linkage

(Amount ₹ Crore)

Source: Reporting Banks

Bank wise details of MFIs financed are given in Statement VII. (In case of abridged version, refer to enclosed CD for Statements).

5.3 Revolving Fund Assistance / Capital Support to MFIs by NABARD

NABARD had been providing financial assistance to MFIs since 2007-08 by way of capital/ revolving fund support to help them to extend their outreach to the poor households and to enable them to leverage commercial borrowings from banks. However, after the announcement of creation of “India Microfinance Equity Fund” with SIDBI for the same purpose these supports were discontinued with effect from 1st April, 2011. The outstanding against capital support provided stood at ₹3.60 crore to 09 entities as on 31 March 2019 and the RFA outstanding was ₹3.67 crore against 3 entities. Agency details are given in statements XI-A and XI-B. (In case of abridged version, refer to enclosed CD for Statements).

5.4 Refinance to MFIs

NABARD had been providing financial assistance to MFIs by way of Long Term Refinance support to eligible NBFC-MFIs since 2014-15. NBFC-MFIs to avail refinance from NABARD should be one notch below top grading (MFR1/MF1 or equivalent), in case of North-east including Sikkim the grading is relaxed to 2 notches below top grading , and continuous profit during last three years to be eligible for refinance subject to fulfilling other conditions. The grading should have been awarded by CRISIL or any other SEBI approved grading agency. During 2018-19, refinance to the tune of ₹3308 crore have been disbursed to 14 MFIs.

6. NABARD AS MICROFINANCE FACILITATOR

6.1 NABARD has truly played the role of an enabler in the Microfinance Drive helping it to evolve rapidly into a global movement dedicated to providing access to a range of financial services to the financially excluded through various products and delivery channels in a cost effective and sustainable manner. During 2018–19, NABARD continued with its role as the facilitator and mentor of microfinance initiatives in the country through sanction of grant assistance for formation, nurturing and credit linking of SHGs with the banks, capacity building of various stakeholders through training, exposure visits, seminars, workshops etc, sanction of LEDPs for promoting sustainable and holistic livelihood opportunities, commissioning of studies etc.

6.2 Refinance to Banks

NABARD has been extending 100% refinance to banks towards their lending to SHGs and MFIs to supplement their resources. Total loans issued by banks to SHGs and the refinance extended by NABARD for such loans is shown in Figure 6.1. and 6.2 respectively. During 2018-19, NABARD extended refinance to the extent of ₹12885.68 crore against their SHG lending forming 14.28 % of the total refinance provided to banks for investment credit, as against ₹6981.37 crore disbursed during the previous year.

Cumulative disbursement of refinance by NABARD for SHG lending now stands at ₹63160.65 crore.

Figure 6.1 : Bank Loans to SHGs

Figure 6.2 : NABARD Refinance to Banks

6.3 Expenditure on SHGs/JLGs - Funds utilized

6.3.1 'Financial Inclusion Fund' and 'Women Self Help Group Development Fund' were utilized during the year for various microfinance related activities such as formation and linkage of SHGs/JLGs through SHPIs/JLGPIs, training and capacity building of stakeholders, livelihood promotion, studies, documentation, awareness and innovations etc. A sum of ₹91.83 crore was expended during 2018-19 from these funds for the above purposes registering an increase of 27.36% over the previous year.

6.3.2 Support for training and capacity building of microfinance clients

NABARD gave due recognition to training and capacity building of various stakeholders such as bankers, NGOs, Government officials, SHGs, SHG Federations and trainers. During 2018-19 more than 5350 training programmes were conducted and about 1.35 lakh participants were trained. The region-wise number of stakeholders trained by NABARD is given in Statements – VIII (A) to VIII(C). (In case of abridged version refer to enclosed CD for Statements).

6.3.3 Grant Support to Partner Agencies for Promotion and Nurturing of SHGs

NABARD extended grant support to NGOs, Federations of SHGs, RRBs, NGO-MFIs, CCBs, PACS, Farmers' Clubs and Individual Rural Volunteers (IRVs) for promotion, nurturing and credit linkage of SHGs with the banks. These supports have proved to be catalyst for the movement. Untiring efforts of the Self Help Promoting Institutions (SHPIs) has led to spectacular growth of the movement and has spread the concept to every corner of the country. The financial support extended by NABARD to various SHPIs till 31 March, 2019 is indicated in Table 6.1.

Table 6.1: Grant Support to Partner Agencies

(Amount ₹Lakh)

Agency wise, State wise details of grant assistance extended to partner agencies have been given in Statements – IX-A - IX-H. (In case of abridged version, refer to enclosed CD for Statements.)

6.3.4 Village Level Programmes

With a view to foster better understanding of mutual requirements between banks, SHGs & SHPIs and to sort out issues like credit linkage, repayment etc. at ground level, Village Level Programmes (VLPs) are being conducted with the support of banks and NRLM. VLPs sponsored by NABARD resulted in better interface between bankers and SHGs leading to increased credit flow and appreciation of each other's needs. During 2018-19, NABARD supported more than 16000 village level programmes with a sum of ₹534.37 lakh covering 277581 beneficiaries .

6.3.5 Conferences, Seminars and Meets

The successful journey of SHG-BLP spanning more than two and a half decades has been possible with the support of all stakeholders, including bankers, NGOs, Farmers club, PACs, SHG Federations etc. To take the movement forward both in increasing its width and depth, conduct of Conferences, meets and seminars prove pivotal for conveying issues, experiences and ground reality to policy makers, implementers, facilitators etc. During 2018-19, across the country, a total of 3233 such seminars and meets were supported by NABARD with an amount of ₹113.02 lakh and covering 1.90 lakh participants.

6.3.6 Centre for Research on Financial inclusion and Microfinance (CRFIM)

The Centre for Research on Financial inclusion and Microfinance (CRFIM) set up within Bankers Institute of Rural Development (BIRD) takes up research activities in the field of Microfinance and financial inclusion, publishes an half yearly journal titled “The Microfinance Review”, organizes National seminar on financial inclusion and microfinance etc. towards facilitating policy initiatives and improvement in design and delivery system in the said space.

7. ON-GOING INITIATIVES

7.1 **Scheme for Promotion of Women SHGs in Left Wing Extremism (LWE) affected and Backward districts of India**

NABARD, in association with the Department of Financial Services, Ministry of Finance, Govt. of India continued to implement a scheme for promotion and financing of Women Self Help Groups in 150 identified Left Wing Extremism (LWE) affected and backward districts of the country.

As on 31 March 2019, 2.11 lakh WSHGs promoted / savings linked and 1.29 lakh WSHGs credit linked. The detailed progress under the scheme as on 31 March 2019 is given in Statement X. (In case of abridged version, refer to enclosed CD for Statements).

7.2 **SHG BLP Strategic Advisory Board**

A Strategic Advisory Board was constituted in NABARD in 2015 with members drawn from DFS, MoRD / NRLM, RBI, Commercial banks, SIDBI, RRBs, Cooperative banks and Microfinance experts to give focus on strategic action plan on SHGBLP, evolving quality standards, financial literacy, digitisation of SHGs, livelihood promotion, etc. The Fourth Meeting of the Strategic Advisory Board was held during the year under the chairmanship of DMD of NABARD. The Advisory Board deliberated the issues of gap in savings and credit linkage, credit deepening, recovery and NPA under SHG-BLP, Bank Sakhi as BCs, Micro Credit limit etc. Advisory Board recommended action points for addressing issues such as credit gap, low level of credit flow to SHGs, tackling NPAs, Digitization of SHGs, Studies, Capital Provisioning of SHG Loan, Credit Guarantee Scheme for SHG loans etc.

7.3 **Financing of Joint Liability Groups**

NABARD extends grant support for formation and nurturing of JLGs to banks and other JLG promoting agencies. Apart from extending 100% refinance support to Banks, NABARD also extends financial support for awareness creation and capacity building of all stakeholders of the programme. As against 10.19 lakh JLGs promoted during 2017-18, JLGs promoted during 2018-19 were 16.04 lakh taking the cumulative number of JLGs promoted and financed by banks to 50.76 lakh as at the end of March 2019. The Eastern States top the list with over 16.90 lakh JLGs organized cumulatively, Southern Region follows closely with 15.72 lakh JLGs. With a view to sensitize the stakeholders of the JLG programme, NABARD has been arranging training programmes and exposure visits to successful JLGs, to the functionaries of these institutions including financing banks. Over 93000 personnel have already benefitted from these trainings and exposure visits.

Figure 7.1 : No.of JLGs

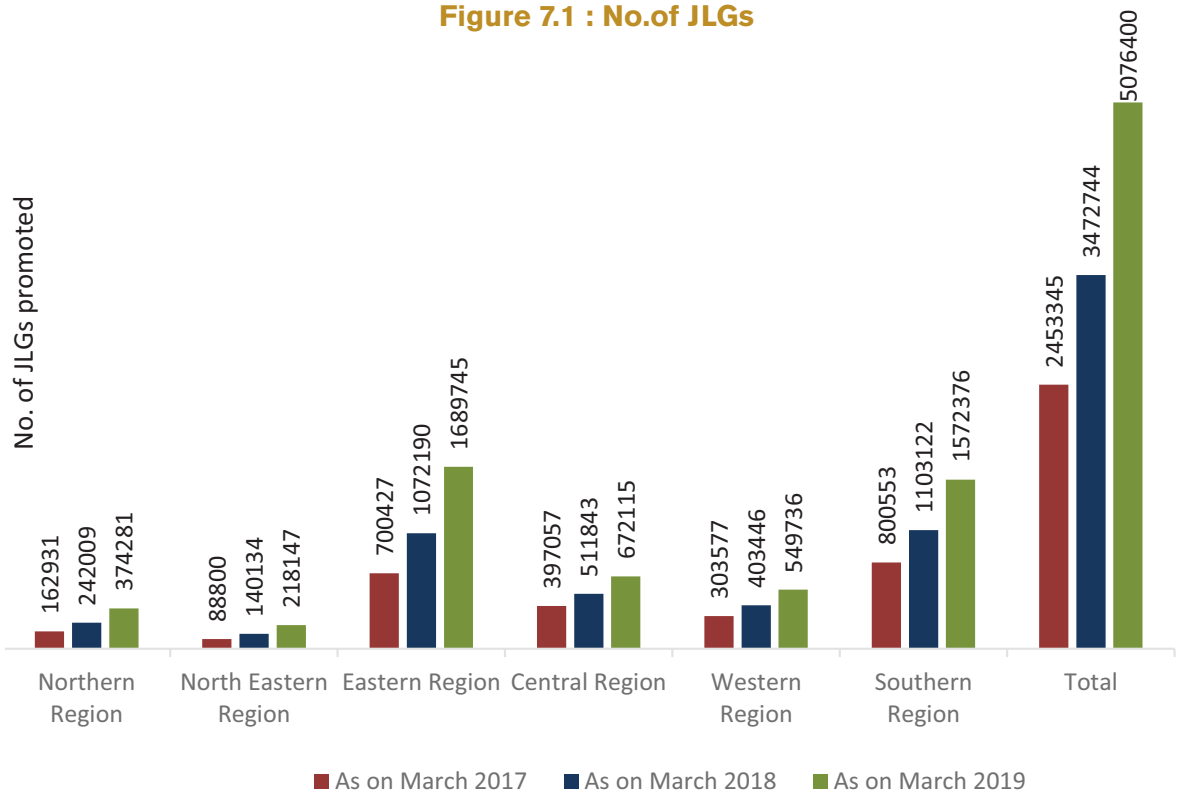

Figure 7.2: JLG - Loan Disbursed

7.4 Business Model on financing of JLGs through Banks - NABARD Support

Based on the study / review of JLG linkage of RRBs and PSBs vis-à-vis of Private Sector Banks during last few years, a business model for taking fee-based help of BC/JLGPI as BF for JLG lending by Banks has been developed. NABARD has so far entered into 52 MoUs in 20 States with 43 MoUs with RRBs, 7 MoUs with SBI in 7 states and 2 with State Cooperative Banks in Jharkhand and Odisha respectively.

7.5 Livelihood Interventions for SHGs

Poverty alleviation through livelihood creation is one of the stated goals of micro finance. Graduating SHG members to the next stage of taking up livelihood activities is an important task and NABARD has been supporting skill and entrepreneurship training of SHG members through the Micro Enterprise Development Programme (MEDP) since March 2006 with the goal of development of sustainable livelihoods/ micro-enterprise ventures by matured SHG members. Around 26452 members were trained through 870 MEDPs during 2018-19 for enabling them to start micro enterprises. Cumulatively, around 4.94 lakh SHG members have received training through 17276 MEDPs.

NABARD mainstreamed Livelihood and Enterprise Development Programme (LEDP) with a view to create sustainable livelihoods among SHG members and to create maximum impact of skill up-gradation. LEDP targets SHG clusters in contiguous villages involved in farm and off-farm activities and supports intensive skill building, refresher training, backward-forward linkages, value chain management, end-to-end solutions, handholding and escort services over two credit cycles. During 2018–19, 22972 SHG members were provided skill and entrepreneurship training for setting up livelihood units through 201 LEDP programmes. Cumulatively, 61033 SHG members have been supported through 532 LEDP programmes with grant sanction of Rs. 2283.86 lakh from NABARD up to 31 March 2019.

7.6 Implementation of National Rural Livelihood Mission (NRLM) and Scheme for Interest Subvention to Women SHGs.

The Ministry of Rural Development (MoRD), Government of India launched the National Rural Livelihood Mission (NRLM) by restructuring Swarnajayanti Gram Swarojgar Yojana (SGSY) with effect from 1 April 2013. NABARD is implementing the Interest Subvention Scheme for Women SHGs under the National Rural Livelihood Mission (NRLM) for Regional Rural Banks (RRBs) and Cooperative Banks in Category I districts. Further, as a part of collaboration between NABARD and NRLM, Regional Offices of NABARD are coordinating with the concerned SRLM to achieve the goal of training of all rural bank managers. State level sensitization programmes on SHG-BLP for senior bank executives have also been organised in coordination with SRLMs with the overall objective of increasing credit linkages. SRLMs have also been roped in as implementing agencies for EShakti in several states and they are supporting the digitization project in many states.

FINDINGS OF STUDIES COMMISSIONED BY NABARD DURING 2018-19

NABARD has been giving emphasis on research and development, and conduct of various studies for policy inputs from the very beginning. In order to fulfil the same, NABARD has been conducting various studies to acquire new insights into the problems of agricultural and rural development through in-depth studies and applied research and trying out innovative approaches backed up by technical and economic studies. Microfinance sector has witnessed phenomenal growth in the recent past which has brought about new challenges & opportunities. Issues like Role of SHG Federations, deterioration of loan assets in SHG sector, NPAs, poor credit linkage of SHGs, deepening of credit, provision of livelihood opportunities etc. have gained new dimensions in the emerging economy. As a pioneer of the SHG movement, NABARD has been closely watching the developments in the sector. Keeping in view the dynamism of the movement, NABARD had commissioned quite a few Studies with reputed agencies and as well as in-house to understand the subtle issues for policy interventions. Synopsis of study reports of 2018-19 are enumerated below:

1. **An Evaluation of the SHG – BLP with special reference to its Loan Portfolio and Asset Quality**

Self Help Group Bank Linkage Programme (SHG-BLP), a brain child of NABARD, is regarded as the largest micro finance programme in the world today. The programme has made an indelible mark on the Indian financial landscape by extending collateral-free loans to over 50 lakh SHGs to the extent of Rs.87, 000 crore as on March 31, 2019. Though the SHG-BLP commenced as a 'Zero non-performing asset (NPA) movement', bad loans have begun to accumulate over the years with marginal dips in intervening periods due to various reasons. Against this backdrop, NABARD entrusted a research project to Centre for Financial Inclusion & Entrepreneurship (CFIE), NIRD & PR, Hyderabad to study, inter alia, the impact of SHGs' access to credit for Income Generating Activities (IGAs), factors behind NPAs in SHG loans, sustainability of SHGs based on the perception of the stakeholders. The study found that poor economic conditions of SHG members, expenses on social functions, medical emergency, expectation of loan waiver etc. as the main factors behind the unhealthy growth of NPAs. To tackle the issue, the report has suggested inter alia, counselling of SHG members to reduce lavish expenses on social functions, Group insurance scheme for the SHGs, adequate loans to SHGs for IGAs, training on morals and business ethics etc. To improve SHGs' access to credit for their IGAs, it has recommended suggested empathy by banks, active promotion of livelihood among SHG members & higher loan amount for enterprises, financial literacy drive etc.

2. Integrated Health and Microfinance in India : State of Practice (SOP), Vol.III Report

The core clientele of the microfinance sector – the poor and the underprivileged – are the most vulnerable to shocks due to ill-health. In order to insulate such people from sudden health shocks and scares, guarding the health of their clientele by providing suitable services and products makes eminent business sense to microfinance institutions (MFIs) and self-help promoting institutions (SHPIs). Microfinance sector and self-help groups have enormous potential as a platform to deliver health-related education, financing and linkages to providers. In this endeavour, NABARD sponsored the Report brought out by RESULTS Educational Fund & Sa-Dhan. This report provides an overview of the work that some MFIs and SHPIs are doing in the health sector.

The report shows how integration between the robust, pro-poor microfinance sector and the health sector can drive progress on two of the factors most critical to achieving Universal Health Coverage (UHC) in India:

1) ensuring the poorest and most vulnerable households are effectively reached, enrolled and actively use the coverage and 2) public, private or civil society actors delivering support services that fill the gaps in services and financing. Volume three of the State of Practice Report illustrates how the development sector – MFIs, Health sector NGOs, Health diagnostics entrepreneurs and others – can support India's journey towards UHC. The integrated health and microfinance approach adds value to the government's existing UHC strategy because it provides a platform to deliver health-related services to hard-to-reach populations.

To realize the benefits of this approach, some key recommendations are 1) Adopt and scale-up health promotion interventions by MFIs and SHPIs, 2) Create complementary health and microfinance packages, 3) Establish public-private partnerships between local and State Govt. and health-promoting MFIs and SHPIs.

3. Study on Non-Performing Assets (NPAs) in Self-Help Groups (SHGs)

During the last two and half decades, SHG – Bank Linkage programme demonstrated the potential of SHGs to organize themselves and grow as a model across regions of the country. The small beginning of linking only 500 SHGs to banks in 1992, had grown to around 10 million SHGs. This phenomenal growth of SHG-BLP has brought with it issues like inactive groups and dormancy in SHG functioning leading to loans turning NPAs. NABARD as a part of its sector building role, commissioned a study in 6 states on the subject with Centre for Research on Financial Inclusion and Microfinance (CRFIM), BIRD, Lucknow with the primary objective to determine the rate, pattern and causes of NPAs in

SHG loans and suggest measures for curtailing these NPAs. Some important observations of the report are:

Trend - Significant rise in NPAs in SHG loans from 2.90% as on 31.03.2008 to 6.12% as on 31.03.2018 followed by dip of 1% to 5.19%.

Major Reasons for NPAs - Financial Indiscipline, Lack of economic activity and regular income, Poor handholding by promoters, Poor monitoring and follow up by bankers, Deterioration in group dynamics, Mishaps etc.

Recommendations

Containing NPAs - Training to SHG members for LH/IG activities and facilitating marketing of produce/products, health and life insurance clubbed with loan to cover casualities, Proper grading of SHGs, need for common credit bureau database of micro borrowers, Higher ticket size and regular loans for good SHGs

Preventing NPAs - Change in Bankers' perception, Continuous training to bankers, Use of technology for customer interface to reduce cost and increase customer satisfaction, Use by bankers of data generated in E Shakti portal, customer like treatment to SHGs.

Way forward –

- ❖ Using technology and other mechanisms in bridging the gap between savings and credit linkage
- ❖ Mature members to be allowed to seek credit for their livelihoods
- ❖ SHG Federations to take over the role of governance and financial intermediation of SHGs. SHG Federations as BC model to be explored for underdeveloped states.
- ❖ Separate region based policy to be introduced considering the socio economic fabric of the area.

4. Impact evaluation studies on LEDP projects

Livelihood and Enterprise Development Program (LEDP) was launched by MCID during 2015-16 for creating sustainable livelihoods amongst SHG members through promotion of micro-entrepreneurship, complete value chain and offering end-to-end solutions for sustainability of the livelihood activity. The programme has rapidly expanded to sanction of 532 projects training over 61000 SHG members in various skill areas (Agriculture & non agriculture). With a view to gain insights into the implementation of the programme, constraints, and suggestions, Impact evaluation studies were conducted through reputed agencies in 8 states viz. Bihar, Chhattisgarh, Jharkhand, Manipur, Rajasthan, Tamil Nadu, Telangana and UP. The study findings overwhelmingly confirmed achievement of the intended objectives of the programme and success in providing diversifying livelihood opportunities among SHG members.

Skill trainings provided under the programme were highly effective in desired skills of SHG members. Settlement rate was reported to be almost cent percent in the form of wage & self-employment. Considerable enhancement in income was observed post LEDP in all studies projects. Studies suggested formation of FPOs / OFPOs of trained participants for better aggregation of produce & marketing.

5. Study on Financing of Tenant Farmers through FPO and JLG mode

Indian agriculture has a pivotal role in Indian society and economy because of its enormous geographical spread and the huge masses dependent on it for their livelihood. Credit is a critical input for agriculture, therefore its availability, affordability, particularly to the vulnerable categories viz., small and marginal farmers, share croppers, tenant farmers etc., is a matter of concern. NABARD since inception has been innovating to devise alternative delivery channels to take financial services to the door step of unbanked rural communities. Extending bank loans through Joint Liability Groups (JLGs) is a major initiative of NABARD for purveying collateral free credit through the banking system in the rural areas.

Farmer Producer Organizations (FPOs) are another manifestation of the efforts to organize farmers into groups with the primary objective of making benefits aggregations and economies of scale available to the farmers, access institutional credit & improve bargaining power and build social capital. It is observed that the bank credit to this segment still faces challenges.

Both NABARD and RBI, in their concern for landless cultivators / tenant farmers felt the need to develop a comprehensive framework for financing tenant farmers through JLG and FPO mode. Therefore, an in-house study was undertaken with a view to develop the framework for lending by banks and the issues involved in tenant financing.

The study observed that due to lack of lease agreement, the tenant farmers had difficulties in obtaining loans from banks which compelled them to borrow from informal sources of credit at high rate of interest. Despite being crop cultivators, they failed get the benefit of interest subvention and crop insurance. In states like Andhra Pradesh, the Revenue Department issues Loan Eligibility Certificate (LEC) and the Agriculture Department issues Cost of Cultivator Certificate (COC) to tenant farmers, which has enabled them to obtain bank loan.

The study recommended inter alia, enactment of suitable land leasing act, specially agricultural land, to protect the rights of the owner, fixing of sub-targets for financing tenant farmers, issuance of LECs or COCs to tenant farmers on the lines of Andhra Pradesh, extension of Interest subvention and crop insurance to tenant farmers etc.
